Correspondence ending with letter No. 14589, dated the 11th June 1907, from the Revenue Commissioner in Mysore.

No. R. 10712-20—AGRI. 64-06-26, DATED BANGALORE, 18TH JUNE 1907.

ORDER THEREON.—The Government are of opinion that the weekly rainfall statements received from the Deputy Commissioners are superfluous inasmuch as the total rainfall of each week is exhibited in the weekly season reports and the details for each day in the monthly rainfall tables, and this opinion is concurred in by the Revenue Commissioner. The Deputy Commissioners of Districts are therefore requested to discontinue submitting these statements in future.

3. The following major operations were performed:—

(1) Removal of a tumour in the udder of a cow (successful).
(2) Operation for imperforated anus in a calf aged ten days (congenital).
(The calf was kept in the hospital for two days and taken to Davangere; heard from the owner that the animal was improving).
(3) Removal of an eye-ball in an English cow (successful).
(4) Operation for abscess in a waler (successful).
(5) Removal of placenta in a case of Dystokea in a cow (successful).

4. *Castration.*—All cases of castration among horses have been put off for June and July as the weather was very hot and uncertain.

5. *Fees charged.*—The amount of fees charged for treatment of horses is Rs. 38 and the amount already collected and sent to the District Treasury at Bangalore is Rs. 20; the balance will be collected and sent to the Treasury by the end of this month.

6. (a) *Staff.*—The staff of the hospital consists at present of—

(1) The Inspector of Cattle Diseases as *ex-officio* Veterinary Officer in charge :—

7. The appointments of a full-time Veterinary Assistant and a farrier have already been referred to the Revenue Commissioner for favor of opinion and early sanction in a previous correspondence.

8. *Equipment.*—The hospital has been fairly equipped with all English and country medicines and the more important surgical appliances, and will, in course of a year, be better equipped with medical and surgical necessaries.

9. *Building.*—The hospital is becoming more popular though the distance from the inhabited parts of the town is rather prohibitive. If a more suitable building with better accommodation can be provided for in a central part of Bangalore, the hospital will be better utilized by all the labouring classes and the general public of Bangalore.

No. R. 10947-55—Agri. 98-06-16, dated Bangalore, 29th June 1907.

Order thereon.—Recorded.

2. The Revenue Commissioner's attention is drawn to para 9 of the report and he is requested to suggest, if he considers the present location of the Veterinary Hospital unsuitable, some other more convenient and central locality to which it might be transferred.

SECTION 4—FORESTS

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 7147, dated the 16th March 1907, from the Conservator of Forests in Mysore stating with reference to this office letter No. 6129, dated the 19th December 1906, that no form has been prescribed for the mutchalika to be executed by the lessee taking a lease of lac propagation and submitting for approval a form prepared by him in consultation with the District Forest Officer of Kolar, who has considerable experience in the matter.

No. R. 10603-4—FT. 200-06-2, DATED BANGALORE, 12TH JUNE 1907.

ORDER THEREON.—The form is approved with certain verbal alterations and will be printed as an appendix to this Order.

2. The mutchalika to be actually executed by the lessee should be in Canarese or the form may be in diglot.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.
The Revenue Commissioner in Mysore.

APPENDIX.

Whereas the undersigned A B, son of C D and a resident of village, Taluk, District, has taken up at the public auction (or tender) held on the by the District Forest Officer, District, the lease for the cultivation of lac on jalari trees growing in all the State, District and Village Forests of the Taluk of the District, the said A B, hereinafter called the lessee of the one part, and the said District Forest Officer on behalf of the Mysore Government of the other part, do hereby agree to the conditions hereunder stipulated.

2. That the period of the said lease shall extend over three years commencing from and ending with

3. That in consideration of the said lease, the lessee shall pay into the Taluk Treasury at Rs. in six equal instalments, together with local cess at one anna per rupee on the dates specified hereunder:—

1st day of	1st day of
1st day of	1st day of
1st day of	1st day of

4. That in addition to the above payments, the lessee shall deposit in the Government Savings Bank, pledged to the District Forest Officer, a sum of Rs. as security for the due fulfilment of the terms of this contract, which sum, together with the interest thereon, will (subject to the provisions of clause 10 *infra*) be applied towards the payment of the last instalment, and the balance, if any, will be returned to him.

5. That in pursuance of this lease and as a preparation for the said cultivation of lac, the lessee shall prune jalari trees grown in the tracts aforesaid in the manner and under the limitations hereunder specified:—

(*a*) The pruning shall be effected by the lessee in the months of December and January when the vegetative activity is at rest.

(*b*) No tree below 1½ feet in girth shall be pruned under the terms of this lease. The branches cut off shall not exceed six inches in girth at their cut ends.

(*c*) All pruning shall be effected only by a clean cut. The branches shall not be cut or hacked. No trees shall be pruned more than once a year.

(*d*) Not less than two-thirds of the branches of each tree shall be left uncut at each pruning.

(*e*) The lessee shall have no claim to the branch wood obtained in the pruning effected by him. The said wood, being the property of Government, shall be disposed of by the District Forest Officer in such manner as he deems fit in the best interests of Government.

6. That the lessee shall conduct the pruning and the operation of setting brood lac on fresh trees in a regular order from one end of the grove or the Forest to its opposite end.

7. That the lessee shall have no claim at the termination of his lease to the lac crop that may be then growing on the trees operated upon by him.

8. That all costs involved in the cultivation of lac, which forms the subject of this lease, shall be borne by the lessee.

9. That the lessee and his employees shall be jointly and severally bound by all the Rules and Regulations in force to protect the Forests, in which his operations are for the time being located, from fire and from crime, and shall help in preventing such fires and in preventing and detecting such crimes.

10 That for any breach or non-observance of each or all of the conditions mentioned above, the District Forest Officer shall be competent to cancel the lease or to appropriate as compensation for the loss incurred by Governmnet on that account part or whole of the amount of security deposit or inflict both penalties. When the amount of compensation levied exceeds Rs. 25 in a single instance, the order of the District Forest Officer in this behalf is subject to appeal to the Deputy Commissioner, whose decision will be final.

11. Notwithstanding any compensation which may be levied by the District Forest Officer, under the provisions of the preceding clause, the lessee, his agents, or employees or all of them shall be liable to prosecution under the Mysore Forest Regulation of 1900, for each and every offence which may be committed by them singly, severally or jointly.

Letter No. 9841, dated the 8th June 1907, from the Conservator of Forests in Mysore, submitting his inspection report of the Kadur District Forest Office, dated the 17th May 1907.

No. R. 10998-9—FT. 39-06-18, DATED BANGALORE, 30TH JUNE 1907.

ORDER THEREON.—Recorded.

2. It is reported that Muthodi and Tegurgudda State Forests have been regularly surveyed and mapped but that the accuracy of the maps and surveys cannot be vouched for. The Conservator is requested to report as to by whom this work was done and why their accuracy is so doubtful that the forests have now to be surveyed by the Forest Survey party.

3. Regarding the outstanding balance of Rs. 679-9-0 on account of minor forest produce, which is said to be irrecoverable, early steps should be taken to adjust the amount.

4. The Conservator is requested to procure and supply the iron safes required for District and Range Offices.

5. The results of inspection are fairly satisfactory. It is hoped that the registers that have not been maintained will be opened or brought up to date soon. The Forest Journal (para 6 of the Conservator's Note) is of special importance, to which attention is necessary in all districts. The checking of stock should be more carefully attended to. This seems to be a defect which the Conservator of Forests has noticed elsewhere also.

6. A separate reference may be made regarding insufficiency of accommodation for the office.

SECTION 5—REVENUE MISCELLANEOUS

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Proceedings No. 5062-96—Pet. 468, dated the 15th September 1893 :—

"The vernacular records submitted for reference in appeals preferred to Government disclose great want of care in the arrangement of papers and the manner in which vernacular correspondence is carried on. Papers relating to different matters are found mixed up and stiched together without any regard to serial sequence of correspondence or to chronological order, and sometimes the material papers required for reference are not sent up. Flimsy papers of various sizes are often used and written upon over all available nook and corner, with the result that material portions thereof are found to have become worn out or illegible by the handling of the records. It is further noticed that no attention is paid to the importance of fair writing or correct spelling.

2. The following instructions are issued for guidance :—

(1) Papers should be arranged and indexed in accordance with the instructions conveyed in paras 58 to 64 of the Circular printed at page 228 of the Revenue Manual of 1886.

(2) A list of documents and account books produced for reference should be kept in each file, and the books, if they are heavy, should be kept unstitched separately in the file.

(3) When more files than one are required to be sent for reference in any case, they should not be made into one file, but a list of the several files submitted should be put up.

(4) The Sheristadar or other responsible officer of the office from which the records called for are transmitted, should see that all the material papers are in the file, and certify to that effect.

(5) The system of leaving a small margin of unwritten space at both the left and right edges of a paper should be observed.

(6) The same amount of care should be bestowed on the transcription of Canarese reports and orders as on the copying of English correspondence."

No. R. 10338-76—R. M. 332-06-1, DATED BANGALORE, 4TH JUNE 1907.

ORDER THEREON.—Government regret to observe that the vernacular records received in the Secretariat for reference in connection with the disposal of pending cases are often sent loose without being properly stitched or arranged according to the rules in force. As Government have, in their Order No. R. 1356-65, dated the 19th November 1903, sanctioned a special establishment for arrangement of the records according to certain definite rules, so as not only to facilitate reference to them, but also to ensure their proper preservation, it is disappointing to find that sufficient care is still not taken to comply with the instructions of Government in the matter. Heads of Departments and Deputy Commissioners of Districts are requested to issue stringent instructions to subordinate officers to pay special attention to the matter and to see that all records to be submitted to Government are sent properly arranged and secured. Their attention should be specially invited to the Government Proceedings quoted in the preamble.

Letter No. 11471, dated the 4th April 1907, from the Revenue Commissioner, forwarding the records in Revenue Appeal Case No. 61 of 1906-07 on his file *re* the levy of the cost of repairing the tank of the Bidarkote village in the Mandya Taluk from the raiyats of the village who neglected to execute the annual maintenance work to the said tank and soliciting orders as to whether the concession shown to raiyats in para XI of Government Proceedings No. R. 5251-61—Agri. 626-03-6, dated the 15th December 1904, that in the case of all future works only one year's assessment on the lands under the tank repaired need be levied from the raiyats on account of their liability for cumulative neglect of maintenance works, may be held to be applicable to cases in which orders were issued for the repair of the tank and the levy of the cost thereof from the raiyats, long before the promulgation of the said Proceedings, but the work was actually undertaken after the passing of it.

No. R. 10433-4—R. M. 295-06-2, DATED BANGALORE, 5TH JUNE 1907.

ORDER THEREON.—The Bidarkote tank which had been restored by Government in 1887-88 and handed over to the Revenue Department for maintenance by the raiyats fell into disrepair owing to their neglect to execute the annual repairs necessary for the tank, so that in July 1904 orders had to be issued for repairing the tank through the agency of the Public Works Department and for the levy of the cost of the repairs from the raiyats as a revenue demand. The actual work, however, was not begun by the Public Works Department till January 1905. In the meantime Government Proceedings No. R. 5251-61—Agri. 626-03-6 was issued on the 15th December 1904. The Revenue Commissioner has now sought instructions whether under the circumstances of the case, the entire cost of the work has to be recovered from the raiyats of Bidarkote, or the concession above referred to has to be shown to them.

2. The concession in question was intended to relax the stringency of the old rules with a view to relieve the raiyats from the hardship of making them liable for the results of cumulative neglect spread over a long time by requiring them to pay the entire cost of repairs which for want of timely action would be exceedingly heavy and press with undue severity on them. Government do not consider it desirable to make it applicable only to cases of neglect happening subsequently to the passing of the Government order referred to above, the liability for which is being enforced against the raiyats. Para XI of the order of the 15th December 1904 should therefore be regarded as applicable also to works undertaken subsequent to the date of that order, even though the necessity therefor may have been decided upon earlier. The raiyats of Bidarkote will therefore be given the benefit of that order and made liable to pay only one year's assessment.

In this connection Government desire to lay stress upon the necessity for immediate and prompt action on the part of Revenue officers as soon as the raiyats show any tendency to neglect the work of annual repairs, for if the effects of such neglect are allowed to accumulate, the loss caused thereby will ultimately recoil upon Government, as the liability of the raiyats is limited. As Amildars are now allowed imprests to carry on petty repairs due to neglect, it is hoped that cases where the neglect is not promptly noticed and necessary steps are not taken immediately, necessitating considerable outlay eventually for repairs, will not be allowed to occur.

I. Memorial dated the 4th September 1903, from Lakshmidevamma, daughter of the late Annaiyappa, residing in Yelahanka, Bangalore Taluk, appealing against the order of the Deputy Commissioner, Bangalore District, declining to set aside the sale of certain lands belonging to the deceased Annaiyappa, held towards the recovery of the value of certain jewels belonging to Sri Venugopalaswami temple at Yelahanka, which were alleged to have been stolen while they were in the custody of the said Annaiyappa.

II. Correspondence ending with letter No. 25, dated the 28th July 1906, from the Deputy Commissioner, Bangalore District, reporting on the above memorial and forwarding the records of the case.

Facts of the case.

1. The memorialist's deceased father Annaiyappa is reported to have been the Dharmakarta of the Sri Venugopalaswami temple at Yelahanka and as such had in his custody certain jewels belonging to the said temple. In 1898 the village of Yelahanka was evacuated owing to the outbreak of plague. The house of Annaiyappa is then alleged to have been broken into by burglars and certain property of the deceased and the jewels in question stolen. The offenders are stated to have been convicted but the missing jewels have not been discovered. Anniayappa died about June 1900, without male issue, but leaving him surviving four daughters, of whom the memorialist is one. The jewels were estimated to be worth Rs. 656-4-0 by some of the villagers who had seen them, and they have drawn up a mahazar to that effect. The Amildar, Mr. K. G. Shamanna, on the 26th June 1900, solicited orders for the realization of the above value of Rs. 656-4-0 from the property of the deceased by attachment and sale thereof. With reference to certain enquiries made in the matter by the Assistant Commissioner, Mr. Seetharamaiya, the Amildar further reported on the 21st May 1901 that certain old Muzrai records of the years 1869 and 1870 showed that Tirupatiah and after him his son Annaiyappa were the Dharmakartas of the said temple, that the list of the temple property taken in 1893 and signed by the said Annaiyappa refers to the jewels in question as having been left in his custody.

2. In the meanwhile, that is, in May 1901, Naranappa and certain other residents of the village presented a petition to the Deputy Commissioner praying that the value of the jewels in question may be recovered from the private property of the deceased. The Deputy Commissioner, Mr. B. K. Venkata Varada Iyengar, thereupon ordered on the 20th May 1901, that the value of the jewels might be recovered from the person into whose custody they were given. This order was communicated by the Assistant Commissioner to the Amildar, Mr. K. G. Shamanna, who again solicited permission for the recovery of the amount by attachment and sale of the immovable property of the deceased Annaiyappa. The Assistant Commissioner, Mr. C. Rajagopalacharlu, thereupon (on the 24th June 1901) directed the Amildar to proceed as recommended by him.

3. Accordingly the lands noted in the margin, valued at Rs. 620, were attached on the 29th July 1901 and notified for sale. No demand for the payment of the amount constituting the value of the jewels seems to have been made either on the petitioner or any of the other legal heirs of the deceased, and the sale proclamation dated the 17th August 1901 was not served on any of them. At the sale held on 21st September 1901 by Mr. B. V. Krishnaiengar, Revenue Probationer, the lands Survey Nos. 1/1, 112/1, and 103/7 were sold for Rs. 500, 100 and 81 respectively, (total Rs. 681,) and the sale of Survey No. 73 was not held as the full amount due was realized by the sale of the other lands.

4. On the 28th September 1901, the petitioner Lakshmidevamma, without any reference to the sale which had already taken place, presented a petition to the Deputy Commissioner, urging that, as the jewels in question were stolen along with the other property of the deceased and as some of the property was subsequently traced and the offenders punished, the deceased should not be held liable for the jewels that were lost, and that the jewels were also the private property of the ancestors of the deceased, and praying therefore that the lands attached during her absence may be released. Before the sales referred to were confirmed, one Subbarayasetti also presented a petition in October 1901 protesting against the sale of one of the lands *viz.*, Survey No. 103/7 on the ground that along with another property it had been sold to him by the deceased on the 9th May 1900 for Rs. 200, that Rs. 150 had been paid by him on the understanding that the balance should be paid at the time of the registration of the sale deed but that Annaiyappa died before the transaction was completed. Thereupon Survey No. 73 was proceeded against in addition and sold on 10th February 1902 for Rs. 165.

5. On the 20th March 1902, the petitioner presented a petition to the Deputy Commissioner, protesting against the sale of Survey No. 73 ordered on the representation of Subbarayasetti, on the ground that his allegations were false. In the said petition she also prayed for the cancellation of the sale of Survey No. 73, for the confirmation of the sales previously held and for payment to her of the surplus proceeds of the first sales. The sale records had been in the meanwhile submitted for orders to the Assistant Commissioner, Mr. D. M. Narasinga Rao, who passed orders on the 26th April 1902, confirming the sales of Survey Nos. 1/1, 112/1, and 73 and directed the issue of an endorsement to the petitioner in terms of the said order. The petitioner thereupon presented a petition to the Deputy Commissioner in September 1902 and again in October 1902, complaining that the sale of the property of her deceased

The petitioner thereupon presented a petition to the Deputy Commissioner in September 1902 and again in October 1902, complaining that the sale of the property of her deceased

father was illegal, and praying for a full enquiry into the matter after giving her a hearing. In the latter petition she offered to pay under protest the full amount claimed on behalf of the temple pending decision of the question as to her liability to pay the amount. She submitted another petition to the Deputy Commissioner, Mr. Sparkes, protesting against the sales in question on the ground that they were not warranted by law. The Deputy Commissioner at first directed, on 23rd December 1902, that the sales should be held in abeyance; and on the 1st May 1903, finally ordered that he could not interfere as the sales complained of were held in pursuance of the order of his predecessor Mr. B. K. Venkata Varada Iyengar, and had been confirmed by the Assistant Commissioner in April 1902. Hence this present memorial to His Highness the Maharaja, which has been forwarded to the office of the Muzrai Secretary for disposal.

6. The Deputy Commissioner states in his last letter, dated the 28th July 1906, that possession of the lands is reported to have been given to the purchasers on the 24th July 1902.

No. R. 10589-99—R. M. 342-06-1, DATED BANGALORE, 12TH JUNE 1907.

ORDER THEREON.—The Government regret to observe that the procedure adopted in this case of proceeding against the immovable properties of the deceased Dharmakarta for recovery of the loss caused to the temple by the theft of jewels belonging to it, by summary process under the provisions of the Land Revenue Code, was not warranted by law. In the Chief Commissioner's Proceedings No. 682-66, dated the 28th May 1879, (an abstract of which is given in page 17 of the Muzrai Memorandum) it is expressly stated that though the prevailing practice of holding all the temple servants accountable for the property lost from their keeping should be adhered to, their appointments and the emoluments attached to them being held liable for the same, it is not legal to summarily attach and sell their private property in satisfaction of such loss, and that private property could only be proceeded against by legal process through the Courts, Civil or Criminal. In Government Proceedings No. 51-60—Muz. F. 26 of 92, dated the 3rd November 1892, it is laid down that the responsibility of temple officials to make good the loss of temple property is not a criminal one but arises out of a rule of the Muzrai Department which has long been in force and is a well recognized condition of temple service. There is no provision of law authorizing the recovery of such amounts by the Revenue authorities as if they were arrears of land revenue. The sale is thus *ab initio* void and must therefore be set aside.

2. Government regret that the Amildar, Mr. K. G. Shamanna, who recommended the attachment and sale of the lands in question, Assistant Commissioners Mr. C. Rajagopalacharlu who sanctioned the recommendation, and Mr. D. M. Narasinga Rao, who confirmed the sales, should have overlooked so obvious an objection to the proceedings adopted, and countenanced such grave irregularities, and that the Deputy Commissioner also, before directing the recovery of the value of the jewels from the deceased, failed to consider how the liability was to be enforced.

SECTION 1—GENERAL FINANCE

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 6493, dated the 18th May 1907, from the Comptroller, submitting the Appropriation Report on the Accounts of the year 1905-06.

No. FL. 9417-58—G. F. 432-06-2, DATED BANGALORE, 24TH JUNE 1907.

ORDER THEREON.—The budget estimates for 1905-06 as originally framed closed with an anticipated surplus of Rs. 14,03,000. The accounts for the year, however, show that the realised surplus is only Rs. 10,55,000.

2. The unfavorable seasonal conditions which prevailed in five out of the eight districts, *viz.*, Shimoga, Kolar, Kadur, Tumkur and Chitaldrug, produced an appreciable adverse effect on the revenue from land. The fall in the revenue from Sayer customs and the Bethamangala Water Works was also attributable to the same cause. As compared with the estimate, the decrease under these three heads was about Rs. 9¾ lakhs, a large portion of which was, however, counterbalanced by the improvement under other heads, *viz.*, the Mining Royalty and Leases, Forests, Stamps, Registration, Profit or Loss, Miscellaneous, Cauvery Power Scheme and State Railways.

3. Under "Interest on Loans" only a sum of Rs. 71,000 was realised against the budget estimate of Rs. 1,22,000. The actual demand on this account for the year was as high as Rs. 3,08,000, but in view of past experience, it was not considered safe to estimate for a larger amount than Rs. 1,22,000 and it is a matter for regret that the collection has fallen far short of even this very moderate estimate. Government are not satisfied with the attention this matter has hitherto received at the hands of the Deputy Commissioners, and direct that more sustained and strenuous efforts should be made by them to recover the interest due on the loans.

4. Under "Expenditure" the total budget grant was exceeded by only about a lakh after making allowance for the Railway working charges shown on both sides of the account for the first time in the year under report.

The estimate of charges on account of direct demands on revenue was fairly well foreseen except under "Land Revenue" and "Forests." The decrease under "Land Revenue" was mainly due to less expenditure on remuneration to shanbhogs and patels corresponding to the fall in revenue and to the new shekdari scheme not having been given full effect to. The increase under "Forests" was the result of the corresponding increase in the revenue over the estimate as also to the special expenditure on Khedda operations.

Almost the entire increase under "14. General Administration" was due to the special charges incurred in connection with the visit of Their Royal Highnesses the Prince and Princess of Wales, for which adequate provision was not made when the budget estimate was passed.

Under "16. B. Jails" the excess was partly the result of high prices of food grains that ruled during the year, increasing the dietary charges and of the necessity to buy raw materials required for executing a large order placed with the manufacturing Department.

The estimates under "18. Education" and "20. Medical" proved high. The decrease under the latter head was large and future years' estimates should be framed with greater precision.

The creation of the new office of the Registrar of Co-operative Societies, the retention of the services of Mr. L. Rice for another year and the holding of an Industrial and Agricultural Exhibition at Mysore on the occasion of the visit of Their Royal Highnesses the Prince and Princess of Wales were measures sanctioned after the budget was passed, resulting in a large increase over the estimate under "21. Scientific and other Minor Departments."

The estimate for "23. Superannuation allowances and pensions" proved low and the Comptroller is requested to arrange for a better forecast of expenditure being made in future years.

The grant under "24. Miscellaneous" was in excess of requirements by nearly a lakh, but the expenditure under this head is of a fluctuating character and is accordingly not susceptible of accurate forecast.

The expenditure under "25. Military" was very well foreseen.

The postponement of the Bangalore Civil and Military Station Electric Lighting chiefly contributed to the large lapse under "G. Cauvery Power Scheme." The grant for Civil works had to be increased by about Rs. $2\frac{3}{4}$ lakhs owing to the additional allotment required during the year for the new Palace at Mysore and to the expenditure on improvements and repairs to the Government House at the same place found necessary in connection with the Royal visit.

5. In para 14 of the report is given a list of the items of expenditure incurred in excess of the budget grants and therefore requiring the sanction of Government. It is observed that the excesses were either unavoidable or were the result of new expenditure authorized by Government, and they are accordingly sanctioned. The Comptroller may finally admit them in audit.

6. Of the sum of Rs. 1,47,000 stated in para 15 of the report to have been held under objection at the end of October 1906, about half relates to the Mysore District, and it is unsatisfactory that such a large amount should have been allowed to remain awaiting clearance for four months after the close of the year. The amounts outstanding against the other districts are not large, but there was no reason why the objections raised should not have been satisfactorily answered by the spending and Treasury Officers in time. The officers concerned should be called upon to submit at once the vouchers, certificates, etc., required in support of the charges.

7. Under "Advances and Loans" the comparison made is between the account and the budget figures and the explanation of increase or decrease is not intelligible in the absence of information as to the demand during the year on account of current and arrear instalments. The Comptroller's attention is invited to the point.

SECTION 2—SEPARATE REVENUE

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. Fl. 9083-125—S. R. 140-06-2, dated Bangalore, 8th June 1907.

Order.—The Government observe that the existing arrangements in regard to the administration of stamp revenue are not sufficient either for developing the revenue from that source or for protecting the interests of Government against fraud, and that as a consequence, the stamp revenue of the State has been on the decline during the past few years.

2. With a view to remedy this state of things, the Government resolve, as an administrative measure, to appoint a Commissioner of Stamps and entrust the functions of this office to the Inspector-General of Registration without prejudice to the other duties at present assigned to the holder of the last-mentioned appointment. The duty of the *ex-officio* Stamp Commissioner will be to administer the stamp revenue, subject to the control of Government, and to see that the Stamp Laws and Rules are not evaded.

3. The Excise Divisional Officers and such other officers as Government may determine from time to time will be appointed Inspectors of Stamps under the Commissioner of Stamps. The Excise Divisional Officers are appointed accordingly *ex-officio* Inspectors of Stamps.

4. The Commissioner of Stamps (as also each Inspector of Stamps within his jurisdiction) is expected to inspect the record rooms of Civil, Criminal and Revenue Courts, with a view to ascertain whether the Stamp Laws and Rules are strictly carried out, and whether any frauds are committed by the omission to deface stamps once used. He will also see that the standing orders respecting the indent, supply, store, safe custody and vend of stamps in each district are not violated; and that periodical returns are promptly and punctually submitted, and tabulated and compiled in his own office for submission to higher authority, whose attention he will invite to any administrative points worthy of notice. The Commissioner of Stamps is requested to issue the needful instructions for the guidance of the Inspectors of Stamps.

5. The duties connected with the indenting for and the custody and supply of stamps will be performed by the respective District Treasury Officers as *ex-officio* District Stamp Officers.

6. The existing arrangements for the control and supervision of the Stamp Manufactory are not very efficient, and Government consider that a thorough overhauling of the arrangements connected with the manufacture of stamps is urgently necessary in the interests of the stamp revenue. The Commissioner of Stamps will accordingly be entrusted with the supervision of the Stamp Manufactory also.

7. The powers of the Chief Controlling Revenue Authority under the Mysore Stamp and Court Fees Regulation will remain vested in Government as heretofore.

8. The control over the Central, Branch and Local Depots will be vested in the Commissioner of Stamps as the authority responsible for the Provincial administration of the stamp revenue. The Superintendent of Stamps will be subordinate to the Commissioner of Stamps, and it will be one of the duties of the former officer to bring to the notice of the latter the fall in the stock of stamps in any local depot below the prescribed amount. The District Stamp Officers, on the other hand, should report to the Commissioner of Stamps the failure on the part of the Superintendent of Stamps to speedily comply with their indents. The Commissioner of Stamps will be competent to direct in any particular case that the supply of stamps to be kept in any particular branch depot shall be equal to the probable demand for three months.

9. With a view to enable Government to see how far inspections are regularly conducted, the Commissioner of Stamps should append to his annual report (which should be submitted to Government not later than the 1st October of each year) a statement showing the amount of stamp inspection work performed and remaining to be performed in each district.

READ—

Memorandum on the possibilities of retrenchment and improvement of revenue in the Excise Department, submitted by the Committee appointed in Government Order No. Fl. 7166-211, dated the 30th April 1906.

No. FL. 9243-54—S. R. 145-06-1, DATED BANGALORE, 15TH JUNE 1907.

ORDER THEREON.—The Committee's proposals as originally framed related to the following matters: —

(i) The feasibility of enhancing the duty on arrack and the retail price thereof from Rs. 4-12-0 to Rs. 5-0-0 and from Rs. 6-6-0 to Rs. 7-7-0 per gallon, respectively.

(ii) The raising of the tree-tax on date trees from Re. 1 to Rs. 1-8-0 and on bagani trees from Rs. 1-8-0 to Rs. 2 per tree.

(iii) The recovery of the cost of carrying liquor from the Distillery to Bonded Depots from the arrack lessees instead of charging it as Government expenditure.

(iv) Retrenchment of expenditure on Excise establishments.

2. First, as regards the enhancement of the duty on arrack and of its retail price, the Committee, after considering the views expressed by the Excise Commissioner, agree with him that it is inadvisable to introduce any change at this stage, and recommend that the question may be reserved for consideration after the Government of India shall have reviewed and passed orders on the report of the Indian Excise Committee, in which it has also been dealt with. The enhancement of duty and the increase in retail price being matters which will materially affect both consumption and the State Revenue, Government concur in the opinion of the Committee and reserve the question for future consideration.

3. The Committee consider it also undesirable to make any large addition to the tree-tax and bring it up to the scale obtaining in the districts of Madras or to unduly enhance the prime cost of toddy, lest it should lead to consumers resorting more largely to the more deleterious arrack. Agreeing with the Excise Commissioner, they recommend instead that the tax on date trees be raised from Re. 1 to Rs. 1-4-0 and that on bagani from Rs. 1-8-0 to Rs. 2 per tree (the Madras rate on bagani being Rs. 3 per tree); while in the case of cocoanut, palmyra and dadasal the tree-tax need be increased only by the amount of the present local cess, and that the levy of a local cess—a feature peculiar to Mysore—may be abolished, $\frac{1}{17}$th of the tree-tax and rental collected being credited to Local Funds in lieu of the proceeds of the cess.

In regard to levy of local cess on tree-tax and on shop rental, it has to be noted that this system does not prevail in any Province in British India. The cess on toddy shop rental was introduced only from the commencement of the current official year and has not been extended to rentals of arrack shops or shops for the sale of intoxicating drugs. The Government Order of the 7th April 1904, No. Fl. 668-77—Ex. F. 6-02, sanctioning the separate levy of local cess on the rental of toddy shops, was passed three years ago, but was not given effect to till last year, as it was feared that the separate levy would discourage contractors and affect the rental prejudicially. One-seventeenth of the shop rental has, however, been credited to Local Funds in the two years 1904-05 and 1905-06.

The amalgamation of the local cess with tree-tax will, it is expected, tend to a further simplification of the accounts as sanctioned in the recent order of 14th December 1906 and will also no doubt be much appreciated by the contractors themselves.

Under this scheme neither the general revenues nor the Local Funds will suffer by the abolition of the local cess as a separate levy. On the other hand, both will benefit as the result of the raising of the tree-tax, as will be seen from the statement given below:—

		Date	Bagani	Total
	Number of trees tapped ...	461,932	15,830	477,962

After careful consideration of all the circumstances and for the reasons above stated, Government accept the recommendations of the Committee and of the Excise Commissioner, and accordingly direct, with effect from the official year 1907-08,—

(*i*) that the tree-tax on date trees be raised from Re. 1 to Rs. 1-4-0 per tree and the tree-tax on bagani trees from Rs. 1-8-0 to Rs. 2 per tree;

(*ii*) that the separate levy of a local cess on tree-tax be abolished and the cess at present levied be merged in the main item, the rates of tree-tax on the various kinds of trees being as follows:—

	Rs.	a.	p.		Rs.	a.	p.
Date	1	4	0	Palmyra	1	9	6
Bagani	2	0	0	Dadasal	0	8	6
Cocoanut	2	2	0				

(*iii*) that the levy of a local cess on toddy shop rental be abolished;

(*iv*) that, in order to secure uniformity and simplification of accounts, the cess on tree-rent be also merged in the main item itself and the total amount of Re. 0-4-3 per tree be credited to Government;

(*v*) that after this, $\frac{1}{7}$th of the tree-tax, the shop rental and tree-rent collected be credited to Local Funds in lieu of the one-anna cess now levied on tree tax, shop rental and tree rent;

(*vi*) and that the adjustment of the contributions to Local Funds as above be made quarterly by the Comptroller in communication with the Excise Commissioner and the Presidents of the District Boards.

5. The Excise Commissioner is requested to take very early steps to submit the necessary draft notifications regarding the modifications required in the existing rules.

6. The question of recovering the cost of carrying arrack from the Central Distillery to the Bonded Depots from the Licensees, instead of the Government bearing the charge, has been fully discussed both by the Committee and the Excise Commissioner. It is not considered desirable to change the present system of getting arrack transported at Government cost, but the Excise Commissioner is in hopes that, with reserving to Government greater control over Bonded Warehouses and by re-arranging the routes, a net savings of Rs. 15,000 may be secured in the cost of transport.

The Excise Commissioner's detailed proposals in the matter are under the consideration of Government.

7. The chief proposals under the head of "Retrenchment of Expenditure" are those relating to the abolition of the appointment of Deputy Excise Commissioner and a reduction in the number of Divisional Officers.

The Excise Commissioner agrees to the abolition of the former post on the retirement of the present incumbent, but adds that it may be necessary to appoint a specialist on smaller pay to take charge of the Distillery and Training class, to supervise the cultivation and preparation of ganja, etc., and generally to advise on all technical questions connected with the working of the Department. The Committee, however, recommend that the question of appointing a specialist in place of Mr. Davy may be deferred for the present, that the Head-quarter Office Assistant or the Bangalore Divisional Officer may conveniently be in charge of the Distillery and that the supervision of the cultivation and preparation of ganja, etc., may be entrusted to the several Divisional Officers themselves.

Government agree with the Committee and direct that, with the retirement of Mr. Davy, the appointment of Deputy Excise Commissioner be abolished. The Distillery will, pending the appointment of a specialist, be placed directly under the charge of the Excise Commissioner, who will be assisted by his Head-quarter Assistant and the Excise Divisional Officer, Bangalore; and the supervision of ganja plantations, etc., will be entrusted to the local Divisional Excise Officers.

8. The Excise Commissioner is opposed to any reduction in the number of Divisional Officers on the ground that an Assistant to the Deputy Commissioner in the Excise Department for each district is necessary for the security of the revenue under the tree-tax system, which is so much dependent on constant and efficient supervision of groves and trees. He adds that there prevails at present a great diversity in the assignment of duties and responsibility to the Excise Assistant Commissioner in dealing with Departmental questions in the several districts, and that steps are being taken to bring about a common understanding and uniformity of procedure in the disposal of Excise matters as between the Deputy and Assistant Commissioners.

The Committee recommend that the Excise Commissioner's opinion may be accepted provisionally, that no reduction in the number of Officers need be effected at this stage, and that his proposals regarding the re-organization of the district clerical staff (Excise Branch) in view to re-arranging the Excise Department on the lines enunciated by the Indian Excise Committee in para 286 of their report may be awaited.

The Government consider that the Deputy Commissioner should be primarily responsible for the Excise administration of the district; and that the Divisional Excise Officer, who will in future be called the District Excise Officer, should be his Assistant in the Excise Department. They are disposed to agree that it may cause inconvenience at this stage when the new system has not been long in operation, to reduce the number of District Excise Officers, which has been temporarily fixed at 8 in Government Order No. Fl. 3732-3—S. R. 61-05-3, dated the 12th December 1905. But Government are at the same time by no means convinced that the District Officers need in all cases be of the status and rank of Assistant Commissioners, or that Officers on lower pay and of the status of Amildars will not suffice for dealing with the work, which is admittedly light in most districts, and particularly so in those of Tumkur, Kadur, Hassan and Chitaldrug. The staff of District Excise Officers will accordingly consist of 4 Officers of the status of Assistant Commissioners, and 4 of the status of Amildars, the latter being given an allowance of Rs. 50 in addition to their grade pay as Amildars. By this arrangement there will be a savings of Rs. 4,800 per annum as shown below :—

	Rs.	
Pay of 4 Officers of the grade of Assistant Commissioners on a pay ranging between Rs. 250 and 450 or on an average Rs. 350	1,400	per mensem.
Pay of 4 Officers of the grade of Amildars on a pay ranging between Rs. 150 and Rs 250 or on an average Rs. 200 *plus* an allowance of Rs. 50	1,000	do
Difference	400	do
Savings per annum	4,800	do

9. In regard to the other minor items of retrenchment, *viz.* (i) the abolition of the establishment of the Deputy Excise Commissioner and of the temporary establishments attached to districts; (ii) the abolition of the local allowance and house rent at present given to the Kolar Divisional Officer and his establishment and (iii) the reduction in the allotment for uniform, the Committee and the Excise Commissioner are generally in agreement.

As regards No. (1), the Excise Commissioner states that by combining the Deputy and Assistant Commissioners' establishments and placing the whole in charge of the District Excise Officer as Assistant to the Deputy Commissioner in the Excise Department, he can safely guarantee a reduction of the cost by Rs. 2,000 a year, that he will formulate and submit detailed proposals in due course and that this sum may be counted upon as a possible reduction in the expenditure. Added to this the Committee expect that a reduction in the Account and Stores Branch of the Excise Commissioner's Office to the extent of an additional sum of Rs. 2,000 may be secured as the result of the simplification of the account work in that office under the recent orders of the 14th December 1906.

The Committee have not made any specific recommendations as to how the savings of Rs. 4,000 in the cost of the clerical staff is to be realised and what posts in the Excise Commissioner's Office and the districts are to be abolished.

Government concur with the Committee that the re-arrangement of the clerical staff of his office and that of the districts may be left to the Excise Commissioner who is requested to reduce by absorption the establishment of the Deputy Excise Commissioner costing Rs. 1,296 per annum, reduce the Accounts and Stores Branch of his own office to the minium compatible with efficiency under the altered conditions of maintaining accounts and submit at a very early date proposals for re-organising the district clerical staff. The minimum savings of Rs. 4,000 per annum will be taken into account in the budget for the ensuing year.

10. The house rent and the local allowance to the Kolar District Excise Officer (as well as that of his establishment) will be abolished with effect from the 1st July 1907, simultaneously with the change of his Head-quarters from the Gold Fields to Kolar, which is the necessary consequence of the re-arrangement of the District Excise staff as now approved.

11. In regard to the proposed reduction of allotment under "Uniform" from Rs. 12,000 to Rs. 6,000 which has been accepted by the Excise Commissioner, Government agree with the Committee that the supply of uniforms be limited

to one suit per annum or to suits every two years as in the Police and Forest Departments and that sandals be substituted for boots, the annual allotment being reduced by Rs. 6,000.

12. Lastly agreeing with the Excise Commissioner and the Committee, Government direct that the temporary Ganja establishment and the Kolar Patrol Party costing Rs. 2,016 per annum be dispensed with at the end of the periods for which they have been sanctioned.

13. The financial effects of the foregoing measures are an improvement of the revenue to the extent of Rs. 20,000 and a reduction of expenditure by nearly Rs. 42,800 as shown below:—

		Rs.
I.	*Improvement of revenue.*—	
(i)	Enhancement of tree-tax on date trees from Re. 1 to Rs. 1-4-0 and on Bagam trees from Rs. 1-8-0 to Rs. 2 per tree, the local cess on tree-tax and shop rental being abolished	20,000
II.	*Decrease of Expenditure.*—

(b)	Under Excise Establishments (i) Abolition of the Deputy Excise Commissionership, Rs. 800×12	9,600

(ii)	Reduction in the clerical staff of the office of the Excise Commissioner and the districts after re-organization	4,000
(iii)	Abolition of the local allowances to the Kolar Divisional Officer and his establishment	1,368
(iv)	Reduction in the allotment on account of Uniforms	6,000

14. The Government are, in conclusion, of opinion that the charge of the Prison's Department (now held by the Head of the Medical Department) should be tacked on to the Excise Commissioner and Inspector-General of Registration when next there is a change of incumbents, the pay of the combined appointments being limited to Rs. 1,400 as at present. Now that the Excise Department has been thoroughly re-organised, and the tree-tax system placed on a stable footing, and a regular Code of Regulations and Rules has been passed for the administration of the Department and the duties of the Excise Commissioner and Inspector-General of Registration are comparatively light, it is considered that he can well undertake the additional duties of Inspector-General of Prisons.

SECTION 3—PRISONS AND JAILS

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 499—91, dated the 1st May 1907, from the Inspector-General of Prisons in Mysore, submitting a Report on the Administration of Jails and Lock-ups in the State for the calendar year 1906.

No. J. 3743—PRIS. 76-06-7, DATED BANGALORE, 15TH JUNE 1907.

ORDER THEREON.—The numbers of Jails and Lock-ups in the State remained the same as in the previous year. The construction of a new Lock-up building at Saklespur was completed during the year.

2. The number of prisoners of all classes admitted during the year was 11,518 or 203 more than in the preceding year. Including those under confinement at the beginning of the year, the total Jail population in the year 1906, was 12,827 against 12,422 in the previous year. The daily average number was 1,341·41 against 1,182·58 in 1905.

3. The number of convicts admitted during the year was 2,991 or 204 more than in 1905. The number of previously convicted prisoners rose from 244 or 8·80 per cent to 281 or 9·39 per cent. As stated by the Inspector-General, this is possibly due to an improvement in the methods of identification by the Police and the Jail authorities. There was a slight decrease in the percentage of previously convicted females.

4. There was also an increase in the number of juvenile offenders sent to prison, being 69 against 47 in the previous year; of these, 8 had been previously convicted. The question of providing separate accommodation for juvenile offenders is under the consideration of Government.

5. The number of Jail offences increased from 257 in 1905 to 262 or by 1·9 per cent. This increase is, however, inconsiderable when the increase of 13·4 per-cent in the daily average number is taken into account. Corporal punishments were inflicted in 46 cases against 27 in 1905.

6. The total expenditure incurred during this year on account of the Jails and Lock-ups was Rs. 1,27,279-3-9 against 1,08,358-11-8, in 1905, the cost per head of average strength being Rs. 94-14-2 against Rs. 91-10-1. The increase in the total cost is accounted for by the increase in the daily average strength and by the high prices of food grains that prevailed all through the year. The Government note that there has been an increase in the expenditure per head of average strength during the past two years. They also note that the cost per head is about 40 per cent more than what it is in the Madras Presidency. The cause of this striking difference in the cost of maintenance should be thoroughly enquired into and a special report submitted for the orders of Government.

7. While there has been an increase during the past two years both in the daily average strength of prisoners and the cost of prison administration, there has, on the other hand, been a steady decline in the earnings of prisoners, which has

fallen from Rs. 23,344 in 1904 to Rs. 19,071 in 1905, and to Rs. 16,365 in 1906, indicating that prison labour is not used to the best advantage. The falling off is attributed partly to the increased employment of prisoners on extra-mural labour and partly to certain outstandings not having been recovered. The Government desire that the Inspector-General of Prisons should pay particular attention to this matter. They have already passed orders enabling the Superintendents of Jails to restrict the employment of prisoners on extra-mural work so as to minimise interruption to Jail manufactures. The Inspector-General is requested to make a separate reference to Government in regard to his proposal to levy 2 annas per head per diem for convict labour utilised by other Departments.

8. The daily average number of sick prisoners rose from 13·25 to 15·86, but there was a decrease in the death-rate, only sixteen having died as against seventeen in the previous year.

9. The Inspector-General's recommendation that the experiment of placing special Sub-Registrars in charge of Lock-ups at taluk head-quarters should be continued, is engaging the attention of Government.

SECTION 4—REGISTRATION

Proceedings of the Government of His Highness the Maharaja of Mysore.

Letter No. 230, dated the 15th May 1907, from the Registrar of the Joint Stock Companies in Mysore, submitting statistics of Companies working in the State under Regulation No. III of 1895, for the year ending the 31st March 1907, and forwarding the report and statistics received from the Registrar of Co-operative Societies in Mysore on the working of Co-operative Societies during the same period.

No. J. 3744—REGIS. 26-06-2, DATED BANGALORE, 15TH JUNE 1907.

ORDER THEREON.—Six new Joint Stock Companies and 14 Co-operative Societies were registered and two Joint Stock Companies were wound up during the year under review. There were therefore 113 Joint Stock Companies and 16 Co-operative Societies working at the end of the year, against 109 and 2, respectively, in the previous year. Of the new Joint Stock Companies registered, one was a Banking and Loan Company, one was a Tobacco Manufacturing Company at Bangalore and the remaining four were Mining Companies, with a total nominal capital of 11 lakhs and a paid-up capital of Rs. 1,37,000.

2. Owing to the registration of new Companies with large nominal capital and the increase in the capital of Compaines already existing, the aggregate nominal capital of Joint Stock Companies increased from Rs. 41,25,100 to Rs. 59,30,100 and of Co-operative Societies from 11,000 to Rs. 2,56,000. The paid-up capital rose from Rs. 20,54,927 to Rs. 21,69,006 in the case of Joint Stock Companies, and from Rs. 8,500 to Rs. 22,198-9-0 in the case of Co-operative Societies.

3. There was a slight decrease in the number of documents filed and registered under the Companies Regulation, but the receipts increased from Rs. 864 to Rs. 1,409-12-0.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 8672—925, dated the 10th June 1907, from the Inspector-General of Police in Mysore, submitting the following Report on the working of the Coffee Stealing Prevention Act for the season ending the 31st March 1907:—

"1. During the season under report there were no cases reported under this Act from the Hassan District, and the only one case with one person reported from the Mudgere Taluk of the Kadur District ended in acquittal.

2. Four cases of coffee thefts were reported under the Indian Penal Code from the Hassan District, and one from Kadur. These together with the 14 cases that were pending at the close of the previous season, gave a total of 19 cases to be dealt with by the Police. Of these, one case was refused investigation, four cases with five persons ended in conviction, ten cases were ordered to be struck off on B form, one on B and one on C form were pending before the Magistracy, and the remaining two were pending with the Police at the close of the season.

During the year no fines were realized and the services of the Police were not utilized by any of the planters. The usual preventive measures, such as the opening of special outposts at important coffee centres during the picking season, were taken by the Police.

3. The decrease in the number of cases of coffee thefts during the year under review, and planters not requiring the loan of any special Police to safe-guard private interests, may be taken as a sign that the preventive action of the Police has been considered effective and sufficient."

No. J. 3766—POLICE 203-06-2, DATED BANGALORE, 18TH JUNE 1907.

2. From the entries in column 5 it is suspected that in several of the Municipalities, notably the Bangalore and Mysore Cities, the amount of actual collections has been repeated in the column for demand of the revenue due for the quarter. This is of course irregular. The Presidents should see that the entire Jamabandi figure under every item of revenue is included in the statement for the month in which it falls due. If the Jamabandi has not been completed then the figures for the previous year should be adopted temporarily for the month for which the statement is submitted with a note to that effect.

3. From the proportions shown in the last column of the statement it is plain that the arrears in all cases except the Chitaldrug District, are still heavy, the worst being the Kadur District. Strenuous efforts should be made for the collection of all recoverable items and for the writing off of irrecoverable items under due authority.

4. Government regret to observe that there has been a delay of five weeks in the submission of the statement of the Tumkur District for March 1907.

SECTION 5—EDUCATION

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 7935—669, dated the 23rd April 1907, from Mr. H. J. Bhabha, M.A., Inspector-General of Education in Mysore, submitting the following Memorandum containing proposals for improving Kindergarten Instruction and introducing manual training into schools of general education during the year 1907-08.

Memorandum on the cost of Kindergarten and Manual Instruction in 1907-08.

1. I hope to submit a short report on the educational systems I studied during a portion of my furlough, in the month of June next. The case of books, reports, catalogues, etc., which I collected in America has not yet reached Bombay. As soon as I receive it, I shall commence the report. In the meanwhile, as the time for passing the budget is near, I beg to submit at once my proposals for improving Kindergarten Instruction and introducing manual training into schools of general instruction during the ensuing year 1907-08.

2. I propose that Government may sanction the employment of Miss L. R. Latter, who was for fifteen years Assistant Superintendent of Method and Kindergarten Instruction under the late London School Board, for six months' work in Mysore from 1st August 1907 to 31st January 1908, for a lump-sum remuneration of £ 350, her passage to and back from India being paid at a single first class rate each way in addition. I have known her since 1896 when I was introduced to her by the late Miss Manning, and she was kind enough to take me to the best Infant and Primary Schools in London. Miss Latter is now Head Mistress of the Invicta Road Council School. She is allowed the privilege of making experiments in method and instruction in this school. She has written an excellent book on "School Gardening for Little Children," also on "Cane Weaving for Children," "Paper-folding for Schools," etc. In the autumn of 1905 she went to France to help in educational work, and she has promised to visit Italy shortly to organize work on lines similar to those followed by her at the Invicta Road School. She paid a visit to American schools in the latter part of 1906. On her return from America I had the good fortune of meeting her in London in January last, and on my suggesting she should come out for a period of six months to organize Kindergarten Instruction, she has consented to obtain leave from the Board of Education and to work in Mysore for six months, exclusive of the time of passage to and back from India.

3. I propose that Miss Latter should be given an entirely free hand in organizing Kindergarten Instruction in the Lower Secondary Department of the Maharani's College, that Department being placed under her sole control. * * * * * * * * * At present the Lower Primary classes are held from 11 to 2 o'clock, a most inconvenient part of the day for little children, and the time allowed for instruction is altogether insufficient. The hours should be altered at once to 7—11 for the Lower Primary classes and 7—10 and 3—5 for the higher classes. With Kindergarten teaching, drawing, handwork, nature-study and school-gardening will be combined. A normal class for such male and female teachers of both Government and Aided Schools as know English will be formed under Miss Latter in Mysore. She will at the same time supervise similar instruction given in the Mysore Normal School and the practising school attached to it. She will occasionally visit schools in Bangalore, Kolar, Tumkur and other places as need arises for offering advice and suggestions for the improvement of teaching in Girls' Schools both Government and Aided. The work will be heavy, but I have no doubt Miss Latter will work with great zeal and try to help the Department as much as possible in the time at her disposal.

4. A large amount of apparatus and books and some furniture will be necessary. I propose that a special grant of Rs. 3,000 be sanctioned for this purpose and that I may be permitted to order and pay for a portion, if not the whole, of the apparatus, furniture and books before the end of the current year, so that when Miss Latter comes I may have a stock ready for her use, which may be supplemented by her own selection after arrival.

5. In the High School classes of the Maharani's College a beginning may be made later on of teaching domestic economy, cookery and laundry.

6. Manual work is now considered an integral part of general instruction in all schools in Europe and America. I hope to be able to show its necessity and usefulness in the report on my furlough studies. In the meanwhile, I request that Government may enable me to take steps at once for the introduction of this most useful branch of general education as early as possible. Manual instruction will be combined with Kindergarten exercises up to the age

of 10. At the age of 11 and 12 woodwork should be taught, which may be followed at the age of 13 by metal and machine work. I have no doubt Miss Latter will help in combining Kindergarten exercises with easy manual work. But for the carpentry, carving, wood-turning and metal workshops the help of an expert to organise the instruction and equip the shops is necessary.

7. I came across one or two very good men in London, especially Mr. J. E. Hudson, Superintendent of Manual Instruction under the Hornsey Education Committee. But he cannot come to Mysore for six months or a year, and it would not suit him to give up his connection altogether with the Hornsey Committee and accept permanent service in India as he is about 50 years old. In Boston the Principal of Mrs. Quincey Shaw's Sloyd Training School, Dr. G. Larsson struck me as a very earnest and capable man. In fact I was advised to visit his school and study his methods by friends in England. He is one of the three most highly reputed teachers of manual work or sloyd in Europe and America. They are Herr Otto Salomon of Naas, Dr. Pabst of Leipzig and Dr. Larsson of Boston. Dr Larsson, to whom I was introduced personally by Dr. C. H. Henderson of New York, has greatly helped me by giving me sets of models and drawings of several courses in woodwork of various lengths. They are in the box coming from America, which has not reached me yet. On my suggesting he should come to Mysore for about six months he expressed his readiness. Dr. Henderson, who came to India a few years ago with Professor Dow of New York, and who very strongly urged the introduction of manual work into Indian Schools, recommends Dr. Larsson very highly. If Government will sanction the engagement of his services for about six months on the same terms as I have proposed for Miss Latter, I have every hope that he will consent to come at the same time as Miss Latter or a month or two later as he has to come all the way from America. It would be a convenience if the teachers assembled in Mysore, for normal instruction in Kindergarten teaching and handwork could at the same time receive instruction in woodwork under Dr. Larsson.

8. I propose that a manual work centre consisting chiefly of a woodwork shop to teach carpentry turning and carving may be established at each of the following places as soon as possible; machine shop and forges may also be established in Bangalore and Mysore later on.

Mysore.—In the hall of the Normal School if the Deputy Commissioner's house be given for the use of some of the classes of the Normal School.

Bangalore.—In the Bangalore Sanskrit College, the present building being much too large for the requirements of the Sanskrit College. I know of no other suitable building. The Sanskrit College may preferably be removed to the old Palace in the Fort when the Anglo-Vernacular School is removed to the new building in June.

Tumkur.—In connection with the Wesleyan Mission Industrial School under Rev. Mr. Scott as Superintendent.

Kolar.—In connection with the M. E. Mission Industrial School under Rev. W. H. Hollister as Superintendent.

Channapatna.—A carpentry and wood-turning shop with the Channapatna Industrial School.

Hassan.—In connection with the Industrial School.

Shimoga.—In connection with the Industrial School. (The Industrial School is to be opened shortly.)

Chikmagalur.— Ditto ditto

9. The Mysore and Bangalore Centres should be more completely equipped than the other centres, as the numerous schools in these towns will have to be provided with instruction by turns. Manual instruction must proceed side by side with drawing and art instruction. The latter should be provided in each school for 2½ or 3 hours a week, while manual instruction would be provided for the same number of hours a week at the manual work centre for boys above the age of 11, say of the II, III and IV Forms. The boys of the V and VI Forms should have laboratory practice in Physics and Chemistry in their school. In places like Bangalore and Mysore, which are full of Anglo-Vernacular and Middle Vernacular Schools, more than one workshop of each kind fitted up for 40 pupils will probably be required in course of time. If Saturday be taken as a half holiday, one workshop can instruct 11 sets of 40 boys each in a week. Perhaps it would be advisable to leave out all the boys of the Middle Vernacular Schools at first. If so, one workshop may suffice for the principal schools of Bangalore and Mysore. At first manual instruction from the age of 11 to 13 may be confined to woodwork only, and the woodwork may be limited to benchwork, turning and pattern-making in Bangalore and Mysore, and to benchwork and turning only at other places. Woodcarving should be added at Bangalore and Mysore as soon as may be convenient.

10. To complete the course of manual instruction, metal work should follow woodwork. In the Higher Elementary Schools of London metal work is taught in the 9th grade. In the High Schools of Leeds and Bradford metal work consisting of forging machinist's work with hand tools and machine tools, and machine shop practice is taught in the High School Forms. These branches of metal work are also taught in all the Manual Training High

Schools of America in the High School Forms preparing pupils for the Universities or for admission to the Technical Institutes. The Manual Training High Schools of America devote 10 hours a week out of 30 to woodcarving and turning and metal work of all kinds. I think it is necessary for the purposes of imparting a complete education in the High School Stage to teach in course of time metal work in the High School Forms V and VI, in selected schools in Mysore, if not in all. But for the present woodwork may be made compulsory up to the IV Form and voluntary in Forms V and VI, in view of the need that has now arisen for laboratory practice in Physics and Chemistry according to the revised curriculum of the Matriculation Examination. In the course of a few years, when woodwork has become popular, it may be advisable to prescribe metal work for Forms V and VI and perhaps also for Form IV.

11. It is difficult to estimate the cost that will have to be provided for in 1907-08, but a rough estimate may be made as follows:—

Kindergarten and Art Instruction.

Miss Latter— *Non-recurring.*	£	Rs.
Passage to and from India	120	or 1,800
Remuneration for seven months inclusive of the voyage to and back...	350	„ 5,250
Kindergarten apparatus	200	„ 3,000
Total non-recurring...		10,050

Recurring.	Yearly Rs.
An Art Instructor for drawing, painting, design and clay modelling for the Normal School, Mysore, on Rs. 80-10-100 ...	1,080
A drawing and modelling teacher for the Anglo-Vernacular and High Schools, Bangalore, and High Schools at Tumkur, Kolar, Chitaldrug, Shimoga, Chikmagalur, Hassan and Channapatna at Rs. 40 each or	3,840
The drawing master of the Mysore Normal School will be attached to the Maharaja's College exclusively.	
Kindergarten apparatus for all schools down to village schools ...	4,000
Total recurring...	8,920

12. For nature-study and cultivating accurate habits of observation in children of the lower classes and for providing manual work for children above the age of 11, every Middle School in the first instance should have a school garden for growing vegetables and flowers. There are about 220 Middle Schools in the State at present. At the same time flower gardens may be started in a few Primary Schools chiefly for the purposes of nature-study every year. I would make provision for 40 school gardens for Middle Schools and 20 flower gardens for Primary Schools in 1907-08. This number may be added to in succeeding years. For 1907-08 the cost may be estimated as follows:—

Gardens for Middle Schools.

Non-recurring.

	Rs.
Cost of tools, tool-house, wheel-barrow, etc., for a class of 14 boys	75
Cost of seeds	15
	90
For 40 Middle Schools in 1907-08	3,600
For 20 flower gardens in pots and small plots for nature-study in Primary Schools at Rs. 10 each...	200
Total non-recurring...	3,800

Recurring.

Remunerations of teachers of gardening in Middle Schools at Rs. 5 each a month or Rs. 200	2,400

Repairs of tools and sundries in succeeding years may be taken at Rs. 12 a year. The produce of vegetables and flowers ought to cover nearly all the working cost of the gardens of Middle Schools in future years. For flower gardens in Primary Schools Rs. 5 a year ought to be sufficient in future years. But provision for the years following 1907-08 need not be considered now.

13. *Manual Instruction—*

Non-recurring.

Dr. Larsson—	Rs.
Passage to and from India about £160	2,400
Remuneration for 7½ months „ 350	5,250
Supplementary buildings for manual work centres	20,000
Fitting up woodwork shops to accommodate 40 pupils at Bangalore and Mysore for benchwork and turning and pattern-making	18,000
Fitting up six other woodwork shops to accommodate 20 pupils for benchwork and turning only	18,000
Total non-recurring...	63,650

Recurring.	Yearly Rs.
One Superintendent of all manual work centres (if possible an European) on Rs. 250	3,000
Eight manual work instructors on Rs. 50 each	4,800
Materials and repairs of tools yearly for the eight centres	10,000
Total recurring...	17,800

14. The total non-recurring charges for Kindergarten and art instruction, school gardens and manual instruction amount to Rs. 77,500. The total recurring charges amount to Rs. 29,120.

No. 11386-90—EDN. 390-06-2, DATED BANGALORE, 1ST JUNE 1907.

ORDER THEREON.—Mr. Bhabha was deputed to study during the period of his furlough in Europe and America, the systems of primary and technical education obtaining there. He promises to submit shortly a report on the educational systems of the two continents. In the meanwhile he proposes to introduce Kindergarten and manual instruction in Mysore on the lines indicated in the memo read above. The initial cost of the scheme is estimated at Rs. 77,500 and the annual recurring charge at Rs. 29,120. Government fully recognise the advantages of manual training and Kindergarten instruction as an adjunct to primary and secondary education, but the cost of the scheme precludes its being sanctioned at once in its entirety. They therefore resolve to sanction the introduction of the scheme for the present at Bangalore and Mysore. If this is attended with good results, the way will have been made easy for the extension of the scheme to other places.

2. The services of Miss Latter for organising Kindergarten instruction and those of Dr. Larsson for manual instruction may be engaged as proposed. Arrangements will be made for training teachers in these methods; and school gardens will also be started in Bangalore and Mysore in connection with Kindergarten instruction.

3. The cost of the scheme as above modified is roughly estimated at Rs. 40,700 as shown below:—

Kindergarten instruction.	Rs.
1. Pay and passage money of Miss Latter	7,050
2. Kindergarten apparatus for instruction purposes at the central institute at Mysore	2,000
3. School gardens at Bangalore and Mysore	200
Total Rs...	9,250

Manual instruction.	
1. Pay and passage money of Dr. Larsson	7,650
2. Workshop fittings for benchwork and turning and pattern-making at Bangalore and Mysore and also metal work at Mysore	18,000
3. Pay for one year of three manual training instructors at Rs. 50 each per mensem	1,800
Total Rs...	**27,450**
Buildings...	**4,000**
Grand Total Rs...	40,700

The provision of the necessary funds as above estimated will be considered in connection with the final State Budget for 1907-08, but there is no objection to the Inspector-General taking action to procure such portion of the apparatus, furniture and other equipment as may be immediately required.

4 It will not be possible to put up permanent buildings before July or August 1907, when the work is proposed to be started. The existing accommodation should therefore be availed of for the present, temporary additional buildings being put up where necessary, for which an outside estimate of Rs. 4,000 has been sanctioned above The Chief Engineer and the Deputy Commissioners of Mysore and Bangalore will render all possible help in securing the necessary accommodation.

5. The Inspector-General is requested to submit a detailed report of the cost of the scheme and of its working at the end of June 1908.

READ—

Letter No 5880—477, dated the 14th February 1907, from the Officiating Inspector-General of Education in Mysore, submitting the budget estimates of the Industrial and other Special Schools in Mysore for the year 1907-08 together with an explanatory memo.

MEMO ON THE BUDGET ESTIMATES OF THE INDUSTRIAL AND OTHER SPECIAL SCHOOLS IN MYSORE FOR THE YEAR 1907-08

RECEIPTS

(*a*) *Industrial School, Mysore*—The purchase of a light tile press, a pugmill and the tools necessary for the carpentry machine, smithy and rattan classes, has been recently sanctioned These will be in full working order by the 1st of July next, and the estimated receipts are expected to be fully realised. The steady increase in the strength of the school is a hopeful sign of the full amount being realised The out-turn of the Pottery Section is expected to increase from Rs. 16,800 to Rs 19,200, and the other Industries also promise to yield larger returns. The total receipts of the Industrial School, Mysore, are expected to increase from Rs 24,430 to Rs 27,600.

(*b*) *Other Industrial Schools*—The receipts from the other Industrial Schools are expected to be the same as for the current year Since the schools at Chikmagalur, Shimoga, and Sagar have not yet been opened and it has not yet been ascertained as to what industries may thrive in those three places, it is not now possible to estimate the receipts from those schools.

(*c*) *Engineering School, Mysore*—The total amount of fees expected to be realised from the different classes of the school during 1907-08 is estimated to be Rs 2,880 as shown below :—

Class	Number of pupils	Rates	Amount per year
1 Junior class	45	2	1,080
2 Senior Draftsman's class	15	4	720
3 Senior Sub-Overseers' class	15	4	720
4 Sanitary Inspector's class	15	2	360
		Total Rs	2,880

Thus the estimate for the Engineering School is the same as for the current year and no increase is expected

The total estimated receipts for 1907-08 are expected to be Rs 42,080 against Rs 38,910 for the current year under the three major heads I, II and III

EXPENDITURE

The total expenditure provided in the budget for 1906-07 under all the seven heads is Rs 76,002 If account is taken of the following additional grants sanctioned by Government, the total sanctioned expenditure for 1906-07 will be Rs 86,203 —

Rs 2,810 for the Engineering School, Mysore, (Government Order No 11882-4—Ed 191-05-4, dated 18th May 1906)
„ 7,016 for the other Industrial Schools under head II (Government Order No. 12819-20—Ed 187-05-6 of 15th June 1906)
„ 300 on account of travelling allowance, etc, to the Superintendents and Mestris deputed to the Industrial Exhibition of Calcutta
„ 75 for the transmission of exhibits to the Industrial Exhibition at Calcutta.

Total Rs 10,201

The total estimated expenditure for 1907-08, exclusive of the additional grants separately recommended, comes to Rs. 81,630. The variations under the heads of the budget are pointed out below:—

I. Industrial School, Mysore.—Additional grants under some of the minor heads have been proposed in this office No. 5875—472, dated the 13th instant. But in the budget estimates the figures for 1906-07 have been repeated for 1907-08 under all the heads except (*g*) Establishment, the provision for which has been increased from Rs. 9,168 to Rs. 9,468, the increase of Rs. 300 being due to the increment of Rs. 25 a month earned by the Superintendent of the school. The total estimated expenditure of the Industrial School, exclusive of the additional grants recommended, comes to Rs. 35,675 against Rs. 35,375 for 1906-07.

II. Other Industrial Schools.—The provisions under the minor heads (*a*) Establishment, (*b*) Scholarships, & (*c*) Contingencies remain the same as in the current year. Out of the provision for initial cost, *viz.*, Rs. 3,000, a sum of Rs. 2,000 was utilized for meeting the cost of certain machinery and tools required for the Mysore Industrial School in accordance with Government Order No. 5112-3—Ed. 172-06-2 of 14th December 1906. Since the full amount of Rs. 3,000 is necessary for the opening of new Industrial Schools at Chikmagalur, Shimoga and Sagar, a separate recommendation has been sent for the grant of the extra provision of Rs. 2,000 and the full amount is repeated for 1907-08 in anticipation of Government sanction. Figures for travelling allowance, materials, furniture and apparatus and temporary wages have been omitted since they do not come under fixed charges. Thus the estimated charges, which amount to Rs. 18,048, fall below the sanctioned charges for 1906-07, *viz.*, Rs. 24,704, by Rs. 6,656. The figures entered against the different minor heads for 1906-07 are in accordance with the revision sanctioned by Government Order No. 12819-20—Ed. 187-05-6, dated 15th June 1906. Additional grants are recommended under this head in this office No. 5882—478, dated the 14th instant.

III. The Engineering School, Mysore.—The amounts shown against the different minor heads for 1906-07 include the extra grants sanctioned by Government Order No. 11882-4—Ed. 191-05-4, dated 18th May 1906.

The provision under (*a*) Establishment is increased by Rs. 48, the increase being due to the increments of two Assistant Masters in the grade 40—2—50. The decrease of Rs. 60 under (*h*) Furniture and of Rs. 1,250 under (*i*) Instruments and models has been made for the reasons assigned in the memo submitted with this office No. 5807—466, dated the 9th instant. This accounts for the total decrease of Rs. 1,262 under the head III.

IV. Scholarships held in Technical Schools.—A provision of Rs. 12,100 has been made in the budget of the current year under the head of Scholarships, Rs. 11,680 for 57 Technical Scholarships awarded outside the State and Rs. 420 for those tenable in Mr. Tata's Silk Farm at Bangalore. Now there are 47 scholarships in force including the ten that were sanctioned by Government Order No. 6376-7—Ed. 20-06-17, dated 12th January 1907, 45 at Rs. 20, 1 at Rs. 15 and 1 at Rs. 10, one scholar on Rs. 15 and another on Rs. 10 having finished their course. To these are to be added the ten scholarships at Rs. 20 that may be sanctioned for five months from 1st January 1908. The total number of scholarships required for 1907-08 will thus be 57. The provision for the scholarships tenable in Mr. Tata's Silk Farm has been repeated. The total provision made for scholarships thus amounts to Rs. 12,520 against Rs. 12,100 sanctioned for 1906-07.

V. Grants-in-aid.—The amount sanctioned under this head in the budget for 1906-07 was Rs. 1,368 but by Government Order No. R. 4819-20—Agri. 83-06-3 of 8th November 1906 a special grant-in-aid of Rs. 75 was sanctioned for meeting the cost of the transmission of the exhibits of certain Industrial Schools to the Industrial Exhibition at Calcutta. The total provision sanctioned for 1906-07 is thus shown to be Rs. 1,443. By Government Order No. 1862-6—Ed. 320-05-2, dated 29th August 1906, a grant of Rs. 3,000 a year was sanctioned in aid of Mr. Tata's Silk Farm at Bangalore with a view to secure practical training to school-masters. The estimate proposed under this head for 1907-08, is consequently Rs. 4,368 (1,368+3,000).

VI. Sericulture.—The provision under this head remains unchanged.

VII. Travelling allowance to the Superintendent of the Industrial School, Mysore.—The usual provision of Rs. 600 has been repeated under this head. The extra amount of Rs. 300 shown for 1906-07 was sanctioned by Government in their Order No. 4714-5—Ed. 137-06-4, dated 5th December 1906, on account of travelling allowance, etc., to certain Superintendents and Mestris who were deputed to the Industrial Exhibition at Calcutta.

The total estimated expenditure for 1907-08 under the different heads comes to Rs. 81,630 against Rs. 86,203 sanctioned for 1906-07. This expenditure, however, is exclusive of the additional grants recommended separately under the first three heads of the budget.

No. 11480-1—EDN. 340-06-2, DATED BANGALORE, 5TH JUNE 1907.

ORDER THEREON.—The receipts and expenditure of the Industrial and other Special Schools maintained from the Local Funds General as estimated by the Inspector-General are shown below:—

2. The Comptroller, to whom the budget was forwarded, states that the estimate of receipts framed by the Inspector-General of Education is oversanguine, as during the first six months of the current year the realizations made are less than one-sixth of the estimated receipts of Rs. 38,910. The Inspector-General is requested to furnish a statement showing the estimated and actual receipts during the past five years including the current year. Pending the receipt of such statement the Inspector-General's estimate of Rs. 42,080 is accepted.

3. The variations under the several items of expenditure are explained in the Inspector-General's Memo. The estimates of expenditure proposed by the Inspector-General are sanctioned with the following alterations :—

(1) *Reductions.*—(*a*) The provision of Rs. 7,500 made under the head II. Other Industrial Schools, for opening Industrial Schools at Shimoga, Chikmagalur and Sagar, will be reduced by Rs. 5,000 as Government do not consider that there is any pressing necessity at present for Industrial Schools at all these places, in the sense of there being a local demand for these schools and any probability of their being sufficiently attended and utilized. An Industrial School may perhaps be established at Shimoga or Sagar if facilities accrue and Government see fit to sanction it in the course of the year. For this purpose a provision of Rs. 2,500 is retained.

(*b*) The provision of Rs. 2,410 under the head VI. Sericulture will be reduced by Rs. 1,210 as, in Government Proceedings No. 8927-40—Edn. 201-06-2, dated 27th March 1907, it has been ordered that eight out of the nine Sericultural Inspectors should revert as school-masters, they being granted an allowance of Rs. 10 each per mensem for giving instruction to the raiyats in Sericulture. Thus the pay of one Sericultural Inspector at Rs. 20 and the allowances of eight masters at Rs. 10 will amount to Rs. 1,200 per annum, which has been retained.

(2) *Increases.*—A sum of Rs. 1,200 will be added to the estimated expenditure on account of the additional charges since sanctioned, *viz.*,—

(*a*) Rs. 200—on account of additional charges for the Mysore Industrial School (*vide* Government Order No. 11418-9—Edn. 301-06-2, dated the 4th June 1907).

(*b*) Rs. 1,000—on account of additional charges for other Industrial Schools (*vide* Government Order No. 11346-7—Edn. 304-06-2, dated the 1st June 1907.)

4. The budget as above revised providing for an income of Rs. 42,080 and an expenditure of Rs. 76,620 is sanctioned as per details given in the accompanying statements, an abstract whereof is given below:—

(*b*) The school is held in the old Post office, which is a Government building, and no rent is paid.

(*c*) The present ten boarders are being fed in the same building in which the school is located.

(*d*) Mr. T. Venkata Rao, B.A., Headmaster, was not in the State Education Department, but was working in Marimallappa's School, Mysore, as First Assistant for a period of over five years on a pay of Rs. 30 before his deputation to the Deaf and Dumb Asylum at Calcutta and the Victoria Memorial Blind School at Bombay. His present monthly salary is Rs. 60.

(*e*) The services of S. Sankaranaranappa, Headmaster of the Mandi Mohalla Kannada Boys' School, Mysore, which greatly suffered in strength from plague in 1900-01, have been lent to the school, as per Government Proceedings No. 11907-8—Ed. 294, dated Bangalore, 16th February 1903. The present pay of S. Sankaranaranappa is Rs. 25. He teaches all the blind boys in Canarese subjects, Reading, Writing, Arithmetic and Geography, and he manages the Hostel attached to the school.

(*f*) There is no sufficient accommodation in the present building for all the students. Besides, the building is situated on a damp area.

Resolved that the Government be requested to kindly provide a spacious building both for the school and the Hostel, opposite to or near the Chamarajendra Technical Institute which is about to be constructed. The corner site at the junction of the Sayaji Rao Road and the Prince's Road, be suggested to Government for erecting the new building. Until a new building is provided, the present school house be extended at a cost not exceeding Rs. 400, or the Secretary be requested to get a suitable house for rent.

No. 11688-90—Ed. 113-06-4, dated Bangalore, 11th June 1907.

Order thereon.—The School for the Deaf Mutes and the Blind at Mysore is a unique institution in Southern India. It is maintained from Provincial and Municipal Funds and also from private subscriptions and donations, the latter being chiefly utilized in feeding the boys and providing scholarships, while the Government grant fully covers the cost of the teaching staff and the boarding establishment. The Government have also given the school the free loan of the services of a teacher on Rs. 25 and also the use of a building free of rent. The Government wish to carry their assistance one step further, and to secure the position of the teachers and thereby maintain the efficiency of the school, by treating them as Government servants and giving them the benefit of the Mysore Service Regulations. The Inspector-General of Education is accordingly requested to make the necessary arrangements in the matter.

2. The Chief Engineer is requested to submit proposals for the construction of a new building in consultation with the Inspector-General of Education in Mysore and the Deputy Commissioner, Mysore District, and in the meantime for extending the present building as proposed by the School Committee.

1. Letter No. 965—638, dated the 10th June 1906, from Mr. H. J. Bhabha, M.A., Inspector-General of Education in Mysore, submitting for approval a revised code of rules for inspecting officers of schools in Mysore.

2. Correspondence ending with letter No. 2917—245, dated the 23rd October 1906, from Mr. J. Weir, M.A., Officiating Inspector-General of Education in Mysore, furnishing his remarks and suggestions on the code of rules submitted by Mr. Bhabha.

3. Correspondence ending with letter No. 6640—558, dated the 12th March 1907, from Mr. H. J. Bhabha, Inspector-General of Education, requesting, for the reasons given, that the code of rules as originally submitted by him may be sanctioned

---

No. 11761-2—EDN. 355-05-7, DATED BANGALORE, 12TH JUNE 1907.

ORDER THEREON.—The Government consider that the rules submitted by Mr. Bhabha require modifications as shown below :—

(1) The two circles now called the East and West, the former comprising the districts of Bangalore, Kolar, Tumkur and Chitaldrug, and the latter, the other four districts, to be reconstituted as shown below and called hereafter the Bangalore and Mysore Circles :—

Bangalore Circle.	*Mysore Circle.*
1. Bangalore District	1. Mysore District
2. Kolar „	2. Hassan „
3. Shimoga „	3. Kadur „
4. Chitaldrug „	4. Tumkur „

This arrangement will make the number of schools assigned for Inspectors more nearly equal in each circle and will allow of a fairer distribution of malnad and maidan districts between the Inspectors.

(2) The following sentences will be omitted from para I, Chapter II, for the reasons specified :—

(*a*) Sentence 2—

> "The correspondence between the Head Masters and Head Mistresses of Anglo-Vernacular Schools and of Girls' Schools at District Head-quarters on the one hand and the Inspector on the other, shall pass through the Deputy Inspector of the district who shall have the power of making recommendations on all subjects to the Inspector."

As the Inspectors are placed in administrative charge of the above schools, it would save time and correspondence in disposing of references if the Head Masters and Head Mistresses correspond directly with the Inspector instead of through the Deputy Inspector. This is accordingly provided for in the section under correspondence.

(*b*) Sentence 3—

> "The Honorary Secretaries of these Girls' Schools (Girls' Schools at District Head-quarters) may correspond with the Inspector of the Circle or the Deputy Inspector of the district."

This conflicts with the rules for the guidance of Girls' School Committees under which the Honorary Secretaries of such schools are authorized to correspond with the Inspector-General of Education direct, and it is not desirable to alter this rule. The Deputy Commissioners of Districts who are Presidents of these Committees should have the privilege of communicating with the Inspector-General direct.

(3) Para I under "Correspondence," Section III, Chapter IV, to be recast as follows :—

"Head Masters of schools (other than High Schools) shall correspond with and obtain orders from the Inspecting Officer in whose administrative control their schools are placed. Head Masters of High Schools shall carry on correspondence through the Inspector of their Circle."

2. The rules with the above modifications are passed as appended hereto.

MYSORE EDUCATION DEPARTMENT.

INSPECTING OFFICERS CODE.

CHAPTER I.—LOCAL JURISDICTION OF INSPECTING OFFICERS.

1. *The local jurisdiction of Inspectors.*—The local jurisdiction of the Inspector, Bangalore Circle, shall extend over the districts of Bangalore, Kolar, Shimoga and Chitaldrug, and that of the Educational Inspector, Mysore Circle, shall extend over the districts of Mysore, Hassan, Kadur and Tumkur.

2. *The local jurisdiction of Deputy Inspectors* —The local jurisdiction of a Deputy Inspector shall be confined to the Revenue district in which he holds his appointment, except in the case of the Deputy Inspector of Hindustani Schools whose local jurisdiction will extend over all the districts.

CHAPTER II.—ADMINISTRATIVE CONTROL OF DEPARTMENTAL INSTITUTIONS.

1. *Institutions under the administrative control of Inspectors.*—Subject to the general control of the Inspector-General, Inspectors shall have administrative charge within their local jurisdiction of High Schools, District Normal Schools, Anglo-Vernacular Schools, and those Girls' Schools that are at District Head-quarters.

2. *Institutions under the administrative control of Deputy Inspectors.*—Subject to the general control of the Inspectors and the final control of the Inspector-General, and except in the case of the Deputy Inspector of Hindustani Schools, Deputy Inspectors shall have administrative charge of (1) all Lower Secondary and Primary Schools at Taluk Head-quarters in their district which are not under the direct control of the Inspectors, (2) Government Technical Schools except the Mysore Industrial School and the Mysore Engineering School, which shall remain under the direct control of the Inspector-General, and (3) all other Lower Secondary and Primary Schools which are not expressly assigned to the Assistant Deputy Inspectors.

The Superintendent of the Mysore Industrial School shall inspect under the orders of the Inspector-General the Technical Schools from time to time and report on them to the Inspector-General.

The Deputy Inspector of Hindustani Schools shall have administrative charge of all Hindustani Schools.

3. *Institutions under the administrative control of Assistant Deputy Inspectors.*—Subject to the control of the higher inspecting officers, Assistant Deputy Inspectors shall have administrative charge of all Lower Secondary and Primary Schools expressly assigned to them.

4. *Lists of schools directly under the control of the Inspectors, Deputy Inspectors and Assistant Deputy Inspectors.*—Inspectors shall prepare before the 15th July a printed list of schools directly under their control, and submit two copies to the

Inspector-General, and forward two copies for information to each Deputy Inspector and Assistant Deputy Inspector subordinate to them. Every Deputy Inspector shall prepare at the commencement of the official year, before the 10th July, a printed list of schools directly under his control and submit four copies for approval to the Inspector to whom he is subordinate. The Inspector shall submit two of the approved lists to the Inspector-General. Every Deputy Inspector shall also forward for information two copies of the approved list to all the Assistant Deputy Inspectors subordinate to him.

The Deputy Inspectors shall also prepare before the 5th July a list of all schools placed under the immediate control of the Assistant Deputy Inspector under them. Four printed copies of the list shall be submitted to the Inspector to whom they are subordinate, who will forward two of them to the Inspector-General. Deputy Inspectors shall also forward two copies of the list to each Assistant Deputy Inspector under them for their guidance.

Chapter III.

Section I.—General Rules relating to the Organization of the Inspection work.

1. *Office calendar.*—An office calendar shall be drawn up early in July each year with entries showing, month by month, the public and local holidays, the dates prescribed for the receipt and despatch of periodical reports and returns from subordinate to the superior offices, and all such particulars as will enable the officer to attend to the punctual and expeditious despatch of office business.

2. *No district or taluk to be visited more than twice.*—The programme of tour shall be so arranged that frequent and hurried tours to the same taluks may be avoided. Except for special reasons, the same district or taluk should not be visited more than twice during one official year.

3. *Programme of tour.*—Inspectors shall prepare and submit for approval to the Inspector-General an annual programme of tour before the end of July.

Deputy Inspectors shall prepare and submit for the approval of the Inspector-General two copies of an annual programme of tour through the Inspector before the 20th July.

Assistant Deputy Inspectors shall prepare and submit for the approval of the Inspector two copies of an annual programme of tour through the Deputy Inspector before the 10th July.

4. *Inspectors to notify their visits to districts.*—Inspectors shall notify to the Deputy Inspectors under them before the 10th July in what month or months they may be expected to visit their district.

5. *Each institution to be inspected at least once a year in the same month.*—The programme shall be so arranged that each institution is inspected and examined at least once every year, and as far as possible in or about the same month in every year, so that the results of one full year's work from the date of the last inspection may be tested.

6. *Minimum number of days on tour.*—Inspecting officers shall be out on tour for not less than 200 days in the year. They shall provide in their programme not less than 15 days of touring at least 8 months of the year.

7. *Inspection of schools in charge of subordinate officers.*—Inspectors and Deputy Inspectors shall be expected to test the work of their subordinates by inspecting a fair number of schools in charge of their subordinates.

8. *Programme to be strictly followed.*—After the programme has once been drawn up, it shall be followed as closely as possible, and if, on account of illness or other unavoidable or urgent causes, the work put down for a particular month is not completed in that month, the portion remaining unperformed shall be added to the work entered for the following month, and the whole of the inspection work for that month shall be completed before the end of the month, the change being notified by each inspecting officer to his immediate superior.

9. *Diary of inspecting officer.*—Every inspecting officer shall keep a journal of his daily work in a copy of Letts's Diary No. 49 or some other number of the same size which will be supplied to him. He shall enter in this diary from day to day the names of schools inspected or visited, the names of the places from and to which journeys are made, the nature of the work done, whether it be correspondence, preparation of returns or examination of papers, and state any other information briefly which may be expected to be of use in the preparation of the annual report.

10. *Abstract of work and diary.*—An authenticated summary of the diary for the past month called the "Abstract of work and diary" shall be submitted every month along with the travelling allowance bill.

11. *Diary when to be written up.*—Entries in the diary shall, except for good reasons, be made on the very day to which they refer.

12. *Diary to be part of the office record.*—The diary shall be considered a part of the records of the office of the inspecting officer, and may be called for, for inspection at any time. At the end of the calendar year the diary shall be filed in the office.

13. *Diary to be handed over to the inspecting officer's successor.*—When an inspecting officer is transferred, goes on leave, or retires, his diary shall along with the other records of his office be delivered to his successor whether temporary or permanent.

SECTION II.—GENERAL RULES RELATING TO THE INSPECTION OF SCHOOLS.

1. *Notice of inspection.*—Inspecting officers shall give notice in writing to the Head Master or Manager of each school they intend to inspect at least a fortnight before the day fixed for the inspection in the programme.

2. *Papers for the Head Master to keep ready.*—Inspecting officers shall, in the notice they give of the intended inspection of any school, ask the Head Master to keep ready a list of the school establishment, mark lists for each class with the names of the scholars entered in them, progress reports of each class showing the names of the text-books and the quantity of each subject learnt since the last inspection, as defined by pages of the text-books, copy books, home exercise books and note books of pupils, a memo of all the requirements of the school, copies of the annual returns of the schools, the prescribed account books of the Branch Book Depot, if any, and the service registers of teachers of Government Schools.

3. *Particulars to be attended to at inspection.*—Inspecting officers shall attend to the following particulars at the time of inspection:—

(1) Buildings, accommodation and sanitary arrangements.

(2) Furniture and appliances.

(3) School library.

(4) Registers of attendance and fees.

(5) Other school records inclusive of acquittance rolls, duplicates of leaving certificates, and service registers.

(6) Provision for games and physical exercise.

(7) Efficiency of the institution from a scholastic point of view.

(8) Tone and discipline of the schools.

(9) Manners and dress of pupils.

(10) Interest taken by the School Committee and by Revenue and other officers.

(11) Number of girls in boys' schools, and number of low-caste pupils.

(12) Any local peculiarities and wants.

4. *Time of inspection.*—Schools shall be inspected during schools hours, and the inspection shall commence as early in the day as possible.

5. *Attitude and manners of the Inspecting Officer.*—Undue haste or hurry shall be avoided at the examination, and nothing shall be done that is likely to alarm or embarass teachers or pupils. Reproof shall not be administered to a teacher in the presence of his pupils.

6. *Methods of instruction to be tested.*—The examination shall be such as will test the methods of instruction as well as the progress of pupils.

7. *Conference with teachers and others.*—At the conclusion of the inspection, the inspecting officer shall confer with the teachers, managers, members of the School Committee and parents on all matters relating to the well-being of the school. He shall endeavour on all occasions to enlist local sympathy in the cause of education.

8. *Nature of examination.*—In High Schools the VI Form need not be examined except to test the teaching of English and in one or more subjects in which the largest number of pupils have recently failed in the public examination. The examinations of the V and IV Forms shall between them include the principal subjects taught. In the V Anglo-Vernacular Class the examination shall be confined to English and one or more other subjects in which the largest number of pupils have failed at the last inspection or public examination. In the V Vernacular Class the examination shall be confined to those subjects in which the largest number of pupils have failed at the last inspection or public examination. In all classes below the V Class of Lower Secondary Schools and in all Primary Schools, the examination shall as a rule be *vivâ voce*, though questions may be dictated to be answered on slate or paper. In Arithmetic, Algebra or Geometry there shall not be fewer than four questions each. When questions are dictated, there shall not be less than five questions in either History or Geography.

9. *Inspectors may take the help of subordinate officers.*—Inspectors may take the help of Deputy Inspectors and Assistant Deputy Inspectors subordinate to them, and Deputy Inspectors may take the help of Assistant Deputy Inspectors subordinate to them in the examination of large schools.

10. *Inspecting officers may take the help of masters.*—Inspecting officers may take the help of the Head Master and one or more of his assistants in the examination of a large school. But when they do so, they shall be personally responsible that the examination has been conducted satisfactorily and they shall also acquaint themselves as thoroughly with the state and progress of each class as if they had examined it themselves without any help.

11. *Inspection examination not to take the place of the annual examination of Lower Secondary Schools.*—The inspection examination shall not take the place of the annual examination of Lower Secondary Schools, which shall be conducted by the school staff. Promotions shall be decided by the results of the annual examination, and the Head Master and his staff shall be held responsible for the promotions of pupils to higher classes.

12. As a rule, the visitors' book of a school that has been inspected shall be written up and returned before the inspecting officer leaves the town or village. In those cases in which the visitors' book is taken away by the inspecting officer, it shall be written up and returned from the next halting station.

13. The inspection reports of the schools under the immediate control of the Inspectors shall be submitted to the Inspector-General for review as soon after the inspection is over, as possible.

14. The Deputy Inspectors shall submit their inspection reports to the Inspector, who shall review and pass suitable orders on them, or submit his recommendations, if necessary, to the Inspector-General for sanction. The Inspectors shall submit to the Inspector-General a concise statement in the prescribed form of the remarks and orders they have passed on the inspection reports of the officers subordinate to them, before the 15th of the following month.

15. The inspection reports of the schools inspected and examined by the Assistant Deputy Inspectors shall be submitted immediately after the inspection and examination are over to the Deputy Inspectors to whom they are subordinate. The Deputy Inspectors to whom the reports are submitted shall review them and pass such final orders upon them as are within their powers or submit their recommendations for sanction to the Inspector. Before the 10th of the following month the Deputy Inspectors shall submit to the Inspectors a summarised statement in the prescribed form of the remarks and orders passed by them on the inspection reports of the Assistant Deputy Inspectors.

16. As soon as possible after the inspection and examination of each school, inspecting officers shall furnish the Head Master, if the school is a Government Institution, or the Manager, if the school is an Aided Institution, with a copy of the inspection report at the same time that they submit it to their immediate superior.

CHAPTER IV.

SECTION I.—POWERS TO APPOINT, PROMOTE AND TRANSFER.

1. No one shall, without the previous sanction of the Inspector-General, be appointed for the first time (*a*) to a teachership carrying more than Rs. 10 and less than Rs. 20 as pay per mensem, unless he has passed the Vernacular Upper Secondary or the Matriculation Examination of the Madras University, or (*b*) to a teachership carrying Rs. 20 as pay per mensem unless he has passed the F. A. Examination of the Madras University.

2. No one shall be recommended for appointment for the first time to a teachership carrying more than Rs. 20 as pay per mensem, unless he has passed the F. A. Examination of the Madras University or a higher examination.

3. No one shall, except with the previous sanction of the Inspector-General, be appointed for the first time (*a*) to a teachership carrying less than Rs. 10 as pay unless he has passed the Vernacular Lower Secondary Examination, and (*b*) to a teachership carrying Rs. 10 as pay unless he has passed the Vernacular Upper Secondary Examination or the English Lower Secondary Examination, or the Matriculation Examination of the Madras University.

4. First appointments shall, as a rule, be made on probation.

5. In making first appointments, those who have already given satisfaction in the capacity of acting teacher shall be preferred to those who have not served in the Department, other things being equal.

6. Teachers of long experience and proved merit may be promoted or recommended for promotion though they have not passed the qualifying examinations considered to be necessary in the case of first appointments of new men.

7. Inspectors of Schools may appoint and transfer teachers, if they do not belong to the Graded Educational Service or their pay does not exceed Rs. 20, and also clerks whose pay does not exceed Rs. 20, and all menial servants subordinate to them, provided that for orders concerning the Head Masters of Middle Schools the approval of the Inspector-General is previously obtained. They shall not, however, have the power to promote their subordinates to pay exceeding Rs. 20.

8. Inspectors of Schools may make recommendation to the Inspector-General regarding the appointment, promotion or transfer of any teacher employed in schools within their jurisdiction who is in receipt of more than Rs. 20 per mensem.

9. Deputy Inspectors may appoint and transfer teachers, gumastas and menial servants whose pay does not exceed Rs. 10 a month. They shall not, however, have the power to promote their subordinates to pay exceeding Rs. 10. They may recommend the appointment, promotion or transfer of teachers and officials in receipt of higher pay than Rs. 10 to the Inspector of Schools to whom they are subordinate.

10. Assistant Deputy Inspectors shall have the power to recommend to the Deputy Inspector to whom they are subordinate the appointments, promotions and transfers of all teachers employed in the schools assigned to their control and of gumastas and menial servants of their own office.

11. All appointments, promotions and transfers ordered by Inspectors and the Deputy Inspectors under them shall be reported in a prescribed form before the 20th of the following month to the Inspector-General.

12. All appointments, promotions and transfers ordered by Deputy Inspectors shall be reported in a prescribed form before the 10th of the following month to the Inspector of Schools to whom they are subordinate.

SECTION II.—POWERS OF PUNISHMENTS.

1. Inspectors may impose in a month a fine not exceeding Rs. 5 on any teacher, not belonging to the Graded Educational Service, clerk or menial servant who has been guilty of insubordination, absence without leave, neglect of duty or misbehaviour which is not of a serious nature.

2. Deputy Inspectors may impose a fine not exceeding Rs. 3 and Assistant Deputy Inspectors a fine not exceeding Re. 1 on any of their subordinates guilty of insubordination, absence without leave, neglect of duty, or misbehaviour which is not of a serious nature.

3. Inspectors may reduce or suspend any teacher, not belonging to the Graded Educational Service, clerk or menial servant subordinate to them for a period not exceeding six months for gross misconduct or neglect of duty in such circumstances as would render dismissal too harsh a punishment.

4. Inspectors may recommend to the Inspector-General reduction or suspension for a longer period than six months, and dismissal from service, of any teacher, not belonging to the Graded Educational Service, clerk or menial servant, subordinate to them, for gross misconduct, proved dishonesty, utter inefficiency, persistent neglect of duty or frequent absence without leave.

5. In the case of teachers belonging to the Graded Educational Service, Inspectors shall have the power of recommending fines, reductions, suspensions and dismissals.

6. Deputy Inspectors may reduce or suspend any teacher, gumasta or menial servant subordinate to them for a period of three months, and may recommend reduction or suspension for more than three months of any subordinate who may be guilty of gross misconduct, or neglect of duty in such circumstances as would render dismissal too harsh a punishment.

7. Deputy Inspectors and Assistant Deputy Inspectors may recommend the dismissal from service of any subordinate for gross misconduct, proved dishonesty, utter inefficiency, persistent neglect of duty or frequent absence without leave.

8. Assistant Deputy Inspectors may recommend a fine exceeding Re. 1, reduction or suspension, of any official or menial servant subordinate to them.

9. The reasons for punishments shall be fully and clearly recorded in every case both on the files relating to them and in the history of the services of the subordinates who are punished.

10. Inspectors shall send to the Inspector-General a statement showing the fines, reductions and suspensions ordered or sanctioned by them, as well as statements of the punishments inflicted by the inspecting officers subordinate to them, before the 20th of the following month.

11. The Deputy Inspectors shall submit to the Inspector two copies of a monthly statement of all punishments inflicted or sanctioned by them, before the 10th of the following month.

12. The Assistant Deputy Inspectors shall submit to the Deputy Inspector three copies of a monthly statement of fines imposed by them before the 5th of the following month.

13. In all cases in which the reduction, suspension or dismissal of a subordinate is either recommended or ordered, a written explanation of the subordinate who is punished shall be previously obtained.

SECTION III.—POWERS AS TO LEAVE.

1. Inspectors shall have power to grant leave of any kind except leave on medical certificate for a period exceeding six months, furlough and leave on private affairs under the provisions of the Mysore Service Regulations, to teachers in schools in the districts assigned to them, who do not belong to the Graded Educational Service and to the subordinates of their office.

2. Deputy Inspectors shall have power to grant the following kinds of leave to their subordinates, employed in the schools under their control and in their office,

in strict accordance with the provisions of the Mysore Service Regulations and to recommend for sanction all other leave to the Inspector:—

(i) Privilege leave.

(ii) Leave on medical certificate for periods not exceeding three months.

(iii) Leave without allowances for periods not exceeding six months.

(iv) Casual leave, on emergent cause being shown, for short periods not exceeding five working days at a time provided the total absence inclusive of holidays does not exceed seven days, and not exceeding ten days in the calendar year when the subordinate enjoys regular annual vacations or not exceeding fifteen days when the subordinate does not enjoy regular annual vacations.

3. Assistant Deputy Inspectors shall have the power of granting to their subordinates in accordance with the Mysore Service Regulations, (1) privilege leave, (2) leave without allowances, (3) leave on medical certificate, for a period not exceeding one month and (4) casual leave, and to recommend for sanction all other leave to the Deputy Inspector to whom they are subordinate.

4. The officers granting leave shall also make the acting arrangements which shall be reported to their immediate superior with the monthly report of leave.

5. Inspectors shall submit to the Inspector-General a monthly return of all leave except casual leave sanctioned by them and by the inspecting officers subordinate to them, before the 20th of the following month.

6. The Deputy Inspectors shall submit to the Inspector two copies of the report of all leave except casual leave sanctioned by them, before the 10th of the following month.

7. Assistant Deputy Inspectors shall submit to the Deputy Inspector three copies of the report of all leave granted by them before the 5th of the following month.

Head Masters of Schools.

The provisions in the above rules notwithstanding, Head Masters of High and Middle Anglo-Vernacular Schools, Normal Schools and Industrial Schools shall have power, on an emergency occurring, of granting casual leave in accordance with the Service Regulations for not more than three days at a time to their subordinates, and imposing a fine not exceeding 8 annas on, or suspending a menial servant. They shall immediately submit a report of the leave or punishment.

Correspondence.

1. Head Masters of schools (other than High Schools) shall correspond with and obtain orders from the inspecting officer in whose administrative control their schools are placed. Head Masters of High Schools shall carry on correspondence through the Inspector of their Circle.

2. Assistant Deputy Inspectors shall correspond with, and obtain orders from, the Deputy Inspectors to whom they are subordinate. Deputy Inspectors shall correspond with and obtain orders from their Inspector. Inspectors shall correspond with and obtain orders from the Inspector-General. But when a reference is made direct by the Inspector-General to a Deputy Inspector or Assistant Deputy Inspector on any subject, or by an Inspector to an Assistant Deputy Inspector, such reference shall be answered direct to the Inspector-General or the Inspector as the case may be.

3. Every inspecting officer shall convey an order in the form of a request to a subordinate officer. A subordinate officer shall *submit* and not *forward* any communication for information or orders.

4. In all official communications whether to a superior or a subordinate inspecting officer, a courteous tone shall always be observed.

5. As a rule no official communication requiring a reply shall remain unreplied to for more than a week. When the circumstances are such that a full reply must be delayed longer, an acknowledgment of the reference or an interim reply should be given.

(1) Ordinarily no decorations are worn.

(2) On special occasions, when the order is "plain clothes with miniatures"—

Knights Grand Commanders wear the Star on the left breast.

Knights Commanders wear the Star on the left breast.

Companions wear the miniature on the lapelle of the coat.

Possessers of medals wear the miniature on the lapelle of the coat.

III.

Official undress-uniform—(Day).

Knights Grand Commanders wear a piece of the riband of the breadth prescribed for a companion of the order and half an inch in length.

Knights Commanders wear a piece of the riband of the breadth prescribed for a companion of the order and half an inch in length.

Companions wear a piece of the prescribed riband half an inch in length.

Possessors of medals wear a piece of the riband half an inch in length.

IV.

Official evening uniform ("Mess dress," Civilian).

Knights Grand Commanders wear, on ordinary occasions, the Star alone on the left breast; on more formal occasions the Star on the left breast and, also, the badge suspended from a riband of the breadth prescribed for a Knight Grand Commander, worn over the right shoulder and under the coat but over the waistcoat.

Knights Commanders wear, on ordinary occasions, the Star on the left breast; on more formal occasions the Star on the left breast and the riband and badge, the badge being suspended two inches below the lower edge of the stock and the riband being worn round the shirt collar underneath the coat.

Companions wear, on ordinary occasions, the miniature on the lapelle of the coat; on more formal occasions the full size badge on the left breast.

Possessors of medals wear on ordinary occasions the miniature on the lapelle of the coat; on more formal occasions the full size medal on the left breast.

V.

Official full dress.

Knights Grand Commanders wear at Investitures of the Orders and upon all great and solemn occasions the mantle, collar with badge attached, and Star. 4

B. As a general rule, however, the Star of the senior order or decoration only is worn, unless it is desired to compliment a member of a particular order, when the Star of that order is worn by those in possession of it.

C. Medals are worn in their order of precedence, the first medal being placed farthest from the left shoulder.

D. In undress, when there are more ribands than one to be worn, they are sewn on to the cloth of the coat in a row, without intervals. They should not overlap, and when there is not sufficient room to wear the ribands in one row, they should be worn in two or more rows, the lower being arranged directly under the upper.

E. Gentlemen not entitled to wear uniform, should conform as nearly as possible to the practice prescribed under heads III, IV and V, on occasions on which uniform is worn by those entitled to it.

READ—

Letter, dated the 23rd March 1906, from the Earl of Meath, to His Highness the Maharaja in regard to the "Empire Day movement."

No. G. 8024-63—G. M. 311-06-1, DATED BANGALORE, 25TH JUNE 1907.

ORDER THEREON.—For some years past, the 24th day of May, which is the birth-day of Her Majesty, the late Queen Victoria, is being observed in a great portion of the British Empire, as "Empire Day." The Government of His Highness the Maharaja of Mysore has officially recognized this movement, and the 24th day of May of the years 1905 and 1906, as well as the current year, were declared to be public holidays, and all Courts, Public Offices and Schools in the State were closed on these days.

2. The promoters of the Empire Day movement have for their object the training of the rising generation in the virtues of loyalty and patriotism and in the duties and responsibilities attaching to British citizenship. They aim at the inculcation of the virtues which conduce to the creation of good citizens by encouraging a reasonable imperial and local patriotism, loyalty to the head of the State, obedience to authority and self-sacrifice in the interests of the community. The Government of His Highness the Maharaja are in full sympathy with the objects of this laudable movement and commend it to the notice of all loyal subjects of the State, Managers of Public Schools Municipal Councils, Local Boards and other public bodies. Empire Day, the 24th May, will be observed as a public holiday in all Courts, Public Offices and Schools throughout the State; and it is hoped that the day will everywhere be suitably celebrated, more particularly in all Government and aided schools.

3. It is not proposed to lay down any hard and fast rules as to the manner in which the day is to be celebrated, but the following outline of a programme is suggested:—

(1) Assembling the school in the play-ground or, if the school has no play-ground, in front or in the close vicinity of the school.

(2) Hoisting the Union Jack.

(3) Singing the British National Anthem.

(4) Reassembling the school in the school house.

(5) Delivery or reading of an address on the British Empire, to be illustrated by maps.

(6) Singing the Mysore National Anthem.

(7) Delivery or reading of an address on the blessings of British rule in India, and the duties and responsibilities of citizenship.

(8) Singing the British National Anthem.

4. The above programme may be carried out in the morning between 7 and 10 A.M. In the afternoon, if any subscriptions can be locally collected, school sports may be held and, if possible, a treat to the school children may be arranged, the day's proceedings being wound up by singing both the Mysore and British National Anthems.

5. The local public should be invited to witness the celebrations both in the morning and in the evening. At district and taluk head-quarters, the senior civil officer present may be asked to deliver one of the addresses. In Hobli and village schools, the school-masters may be provided with printed Kanarese addresses.

6. As far as possible, all schools in any town or village should combine together for the celebration of the day.

7. The Colleges and High Schools will usually be closed for the midsummer vacation on the 24th May, but this need not prevent the masters and the pupils present in the station from celebrating the day. Those who are absent from the station can join local celebrations at the places where they may happen to be.

Government Order No. R. 6676-715—L. R. 305-05-1, dated the 4th December 1905, prescribing the submission of confidential reports regarding the work done by graded officers.

No. G. 8089-105—G. M. 346-06-1, DATED BANGALORE, 26TH JUNE 1907.

ORDER THEREON.—The Government consider that the confidential reports prescribed in the order read above should be submitted periodically and not merely on the transfer of the officer reporting or reported upon in the case of officers of all Departments of the rank of Assistant Commissioner, *viz.* Assistant Commissioners working in the Revenue, Survey, Excise, Police, Judicial and Accounts Departments and in the General and Revenue Secretariat; also in the case of Deputy, Assistant and Sub-Assistant Conservators of Forests, Civil Surgeons and Assistant and Sub-Assistant Surgeons, officers of the Education Department of Classes B I, B II, C I and C II, and Munsiffs.

2. The reports should be prepared in the annexed form, and should be submitted half-yearly, so as to reach the General and Revenue Secretariat by the 15th July and the 15th January every year. Each report should comprise all officers who have served under the reporting officer during the whole or part of the half year to which the report relates.

Serial No.	Name of officer	Rank and pay	Date of promotion to the present class	Period of service under the immediate superior officer furnishing the opinion	Nature of service rendered, approved or not approved, with full reasons in each case	Remarks of the Departmental head

No. G. 8139—G. M. 12-06-68, DATED 27TH JUNE 1907.

ORDER.—With a view to equalise, as far as possible, the pay and prospects of officers admitted to the Mysore Civil Service by competition and of those admitted by special selection, His Highness the Maharaja has been pleased to amend the Rules issued under Government Order No. 8964—Fl., dated the 28th June 1906, which as amended will stand as follows:—

I. The following officers shall constitute the Mysore Civil Service:—

Assistant Commissioners of the new A and B Schedules, including all officers of that grade working in the Revenue, Excise, Police, Survey, Judicial and Account Departments and in the General and Revenue Secretariat; Deputy Commissioners; District Judges; Deputy Secretary*; and General and Revenue Secretary.

* This appointment will not be filled up as long as the separate appointment of Muzrai Secretary is maintained.

II. All future admissions to the Mysore Civil Service shall be only in one of two ways, viz.:—

(1) into the A Schedule, by success at a competitive examination of candidates approved by His Highness the Maharaja; and

(2) into the B Schedule, by special selection made by His Highness the Maharaja,—

(a) from members of the lower ranks of the Mysore public service, who have rendered meritorious service and have shown themselves fit in every way for holding higher appointments, and who have also qualified themselves by passing the prescribed examinations,

(b) or on family or other considerations of fitness.

III. A competitive examination for admission to the Civil Service shall be held in the year 1908, and once every two years thereafter; provided that in consideration of the fact that no such examinations were held during the five years previous to 1906 two additional examinations shall be held one in 1907 and the other in 1909. The subjects for examination, the dates on which and the manner in which it is to be held, and the proportion of marks required for passing, shall be duly notified at least three months before the examination. Both in point of severity of the tests applied, and range of subjects, the competitive examination shall be similar to that adopted for the Provincial Civil Service in British India.

IV. Candidates for the competitive examination must not be over twenty-five years of age on the date of examination, and must have graduated in Arts in an Indian or other University: provided that, if a candidate is not a native of or domiciled in Mysore, he must be a graduate of either the Madras or the Bombay University.

V. Candidates who fulfil these conditions, and who are desirous of competing, shall send in their names, with evidence of age and qualifications, and information as to their place of birth, caste, family, occupation and social status, and also with certificates of character and conduct, to the General and Revenue Secretary to Government, not later than a date to be fixed. From these candidates selection will be made by His Highness the Maharaja, and the names of those selected shall be notified in the official Gazette. Within a month of such notification, the selected candidates shall present themselves before a Medical Board at a place and on a date to be notified by Government. It shall be an instruction to this Board to reject all candidates not possessed of a good physique and constitution, and not especially fitted for the active duties of an executive officer. The candidates passed by the Board shall then be eligible for the examination.

VI. Two candidates shall be selected from the top of the list of candidates who have passed a satisfactory examination, and admitted on probation to the grade of Assistant Commissioner, 5th class, Schedule A.

VII. Persons admitted into the Mysore Civil Service by competition as above will draw pay at Rs. 200 a month during the period of probation, which shall be for a term of two years. During that period they shall pass—

1stly, an examination in equitation;

2ndly, a departmental service examination according to rules in force for the time being;

3rdly, such of them as have not taken Kanarese as their optional language in the B.A. Degree Examination, the prescribed standard in that language.

A probationer failing to pass by the end of the two years of probation will be allowed a further year's grace. Failing to pass in the third year, his name will be removed from the list of Assistant Commissioners.

VIII. On becoming fully qualified as above, a Probationary Assistant Commissioner will be confirmed as an Assistant Commissioner of the 5th class on Rs. 250, in Schedule A, and afterwards rise according to the scale given below in that Schedule :—

To Assistant Commissioner, 4th class, on Rs. 300.	After one year's approved service in the 5th class in addition to the period of probation.
To Assistant Commissioner, 3rd class, on Rs. 350.	After three years' approved service in the 4th class.
To Assistant Commissioner, 2nd class, on Rs. 400.	After three years' approved service in the 3rd class.
To Assistant Commissioner, 1st class, on Rs. 450.	After three years' approved service in the 2nd class.

IX. (1) The grade of Assistant Commissioners of Schedule B shall be recruited, soon after the results of each Civil Service Examination are known, by the special selection of the requisite number of persons, according to vacancies, in the manner described in the second clause of Rule II; provided that ordinarily no person shall be selected on family or other considerations, unless he has passed the B. A. Degree of an Indian or other University.

(2) Nothing in clause (1) of this Rule is intended to prevent temporary promotions to the grade of Assistant Commissioner of Schedule B from subordinate grades, in order to fill existing vacancies ; but an officer so promoted shall not, merely by reason of such promotion, be entitled to confirmation when permanent appointments are made under clause (1).

X. Persons admitted into the Mysore Civil Service on family or other considerations of fitness will be appointed on probation to the grade of Assistant Commissioner, 5th class, Schedule B, on a pay of Rs. 200 a month, the period of probation in their case being three years. In other respects the provisions of Rules VII and VIII shall be applicable to such Probationers.

XI. Persons admitted to Schedule B from the subordinate grades of the public service shall not be required to pass through a probationary stage, but shall be appointed as Assistant Commissioners of the 5th class on Rs. 250, and they shall rise from one class to the next higher after three years' approved service ;

provided that when an officer thus appointed has been already drawing a pay of Rs. 250 the time during which he has been drawing that pay shall count towards the period of three years required for promotion to the 4th class ;

provided also that when a Munsiff is appointed as an Assistant Commissioner with a view to his being posted as Subordinate Judge, he shall be appointed an Assistant Commissioner of the 2nd class on Rs. 400.

XII. An Assistant Commissioner of either Schedule who has put in at least two years in the first class of his grade, shall, if found fit, and if vacancies exist, be eligible for promotion to the grade of Senior Assistant Commissioner, carrying a pay of Rs. 500 rising by annual increments of Rs. 50 to Rs. 600. There shall be eight places in all in the last-mentioned grade.

XIII. Every officer recruited by competition or by special selection under the rules shall, unless he has already received such training, be trained for not less than six months in the Survey Department and not less than six months in the Accounts Department ; and every officer recruited by competition shall also be trained in the Judicial Department as a Munsiff or a Sub-Judge for not less than one year in the aggregate.

Appointments of Under and Assistant Secretaries in the General and Revenue Secretariat, Divisional and Treasury Officers in the Revenue Department, Subordinate Judges, Police Superintendents, Excise Divisional Officers, Assistant Superintendents of Survey, Assistant Comptrollers and other appointments of equal rank in the said Departments, shall be filled by officers qualified by aptitude and training from the grade of Assistant Commissioners without distinction of Schedules. Such officers will draw the pay proper to the class in which they happen to be, from time to time, *plus* any special or local allowance attached to the appointment which they fill.

XIV. (1) Subject to any alterations which may, from time to time, be sanctioned by His Highness the Maharaja, the scale of appointments of Assistant Commissioners in the following Departments shall be as specified against each :—

Department.	*No.*	*Nature of employment.*

Proceedings of the Government of His Highness the Maharaja of Mysore.

Government Proceedings Nos. 6407-286—R. and 3570, dated 3rd August 1890 and 28th March 1905, directing that Satani Pujaris should present temple prasadams to Brahmins in plates.

Letter No. 6591—341, dated 18th March 1907, from the Deputy Commissioner, Kolar District.

No. 5780, DATED BANGALORE, 12TH JUNE 1907.

ORDER THEREON.—In the communication read above, the Deputy Commissioner reports that one Venkatrayappa, Satani Archak of the Sri Anjaneyaswami temple at Kanganhalli in the Chintamani Taluk, refused to present the temple Prasada in plates to the Brahmins of the locality and that consequently misunderstanding arose between the Brahmins and the archak. The latter thereupon blocked the entrance to the temple Garbhagudi on more than one occasion by placing stones and planks across the doorway with a view to prevent the Brahmins from entering the Garbhagudi to take the Prasada from near the foot of the image, and when questioned by the Amildar, Mr. Chennigappa, the Archak stated that Satanis alone were competent to enter the Garbhagudi. The Amildar thereupon reported to the Assistant Commissioner that the Archak alone should have the right to enter the Garbhagudi on ordinary occasions and that he might take the assistance of one or two of his caste people during extraordinary occasions, such as Rathotsava. The Assistant Commissioner, Mr. V. R. Thyagaraja Iyer, expressed his full concurrence with the above view of the Amildar. The Deputy Commissioner requests to be informed whether that view is correct, especially as the temple in question is not subject to Agamik Rules.

2. As regards the presentation of Prasada in plates to Brahmins, Mr. Chennigappa upholds the action of the archak in refusing to comply with the wishes of the Brahmins, but the Deputy Commissioner reports that the Amildar's view is untenable.

3. From the above the Government observe that the present dispute appears to have arisen from the fact that the Satani Pujari refused to Present prasada to the Brahmins in a plate. In the two instances of the Sri Anjaneyaswami temple at Kengeri in the Bangalore Taluk and the Sri Ranganathaswami temple at Mudgere in the Magadi Taluk, the Government have, in the two Proceedings read above, decided that Satani Pujaris should present Prasada to Brahmins in a plate. The Government therefore, agreeing with the Deputy Commissioner, direct that in the present case also, the Satani Pujari should be made to follow the above rule.

4. As regards the right of entry into the temple Garbhagudi, the Government observe that the ordinary rule is that the Archak and Paricharak and such people alone can enter therein. Moreover, it does not appear in the present instance that the Brahmins had the right to enter the Garbhagudi before the present disputes arose. The Government therefore direct that, as a matter of policy, none but the Archak and those connected with the Puja service should be permitted to enter the Garbhagudi.

Letter No. 499, dated 4th April 1907, from the Deputy Commissioner, Chitaldrug District, recommending the grant of separate lands as inam to the archak of the Sri Raghavendraswami Brindavana at Sirekola in the Molakalmuru Taluk, in place of the resumed ones.

Letter No. 117, dated 3rd May 1907, from the Superintendent of Inam Settlements in Mysore.

No. 5901-11, DATED BANGALORE, 18TH JUNE 1907.

ORDER THEREON.—In the letter read above, the Deputy Commissioner reports that the Sri Raghavendraswami Brindavana at Sirekola in the Molakalmuru Taluk had for its up-keep till 1882, inam lands measuring 49 acres in the Kannukuppe and Devasamudra villages of the same taluk, but that when khalsat was imposed on those lands, the managing authorities of the institution declined to have the lands on an increased jodi, and that thereupon the lands were resumed and disposed of to private individuals under the Darkhast Rules.

2. The Deputy Commissioner also reports that the puja to the Brindavana is being conducted regularly at present, but that much difficulty is felt owing to want of adequate provision therefor, and recommends that separate lands may be granted to the archak in place of the resumed ones. He further states that the archak is right in claiming the grant of separate lands, as it is unreasonable that the service in the Brindavana should for ever suffer owing to the folly of the managers of the institution in relinquishing the lands.

3. The Inam Superintendent, who was consulted in the matter, states that the lands in question were not strictly speaking resumed but were resigned, and that it appears to him impolitic to treat the application as a claim, as there are other cases of the same nature.

In these circumstances Government regret that the application of the archak for a fresh grant of lands in place of the resigned ones cannot be granted.

Note submitted by Mr. L. Anantasami Rao, B.A., Secretary to Government, Muzrai Department.

No. 6108-18—MUZ. F. 57 of 1892, DATED CAMP MYSORE, 26TH JUNE 1907.

ORDER THEREON.—Srimad Vidya Sri Samudra Tirtha Sripadangalavaru, the former Swami of the Sri Vyasarayaswami Matt, having died on the 19th October 1906, Vedamurti Ahobalacharya, a Pandit of high attainments, was, with

the approval of His Highness the Maharaja, chosen for the High Priestship of the Matt, and he was accordingly installed in that position under the titular name of Srimad Vidya Sri Ratnakara Tirtha Sripadangalavaru.

2. At the request of the newly appointed Swamigalu a sum of Rs. 3,000 was sanctioned from the Matt funds on account of the obsequies of the deceased Swami and the Mahasamaradhane connected therewith, and these ceremonies, which extended over ten days, were duly conducted to the entire satisfaction of the present Swami and of the general public under the direction of Mr. B. Chennigappa, Amildar, and N. Venkata Rao, Head Clerk of the Muzrai Secretary's Office, who had been deputed to help the Swami in this behalf. A sum of Rs. 2,890-9-3 was spent on the ceremonies, and the balance of Rs. 109-6-9 was placed at the disposal of the Guru to meet further unforeseen expenditure, such as presents, etc., to learned Pandits, who were continually coming from distant parts to pay their respects to the newly installed Swamigalavaru.

3. All the purchases made and charges incurred in connection with the ceremonies were paid for at once, and the receipts obtained, together with detailed accounts of the expenditure incurred, were duly submitted to this office by the officials entrusted with the work. The accounts of expenditure are passed and the payment to the Swamigalu of the abovementioned sum of Rs. 109-6-9 approved. Government approve also of the payment made by the Secretary, Muzrai Department, to the Swamigalu of a sum of Rs. 500 on account of some emergent family expenses incurred by the Guru before he took the Asrama.

4. The new Swamigalavaru has made several representations for an increase of expenditure in the Matt with the view of meeting its present wants and maintaining its dignity. It is true that circumstances have somewhat altered in the Matt as the present Swami, who is a man of great learning, attracts large numbers of learned men to the Matt, both as visitors and as disciples, for learning from him the abstruse doctrines of Hindu Philosophy. The cost of feeding in the Matt is in consequence more than before. The establishment of servants also requires some modification to suit the present circumstances, and additional expenditure under various other heads has also to be provided for. With the view of enquiring into the wants in these directions, the Secretary to Government in the Muzrai Department proceeded to Sosale towards the close of December last, and halted there for three days, had several private interviews with the Swami and discussed with him all the affairs of the Matt. He explained to the Guru the embarrassed circumstances of the Matt, which was involved in debt to the extent of nearly a lakh of rupees, and the imperative need for economy in expenditure, with the view of freeing it from these heavy debts which were being gradually repaid by the exertions of Government officers to the great advantage of the Matt. He also pointed out that, owing to maladministration and indiscriminate waste of the Matt's resources in the past, the valuable lands and villages endowed to the institution had become sequestrated and the income from them had dwindled down to little or nothing in many instances, and the prestige of the Matt as one of the highest in importance among such Hindu institutions had gone down to a great extent, and that it rested with the Guru, by means of his great attainments and learning, to raise it again to its original status both in its religious and secular aspects. He further explained that, under these difficult circumstances, it would be well for the Swami to act completely under the advice of the Government and look to Government alone for supplying his wants and removing his difficulties, if any, and not to incur any debts or enter into negotiations with private individuals in connection with any matters connected with the Matt.

5. The Swami readily acquiesced in all the arguments put forward by the Muzrai Secretary and promised compliance with the arrangements that might be made by the Government for the improvement of the Matt and for the satisfactory settlement of its affairs. He accordingly executed in the presence of a large number of his disciples, of Mr. M. Kantaraj Urs, B.A., Deputy Commissioner and District Magistrate of Mysore, and of Mr. L. Anantasami Rao, B.A., Secretary to Government, Muzrai Department, a general power-of-attorney (on the lines of the similar power-of-attorney executed by his predecessor in office) in favor of the Dewan of Mysore for the time being, authorizing the latter to take over the management, for a period of 25 years, of all the endowments of the Matt situated in British India.

Further, the Swami gave a letter addressed to the Government thanking them for their kind management of the Matt's estates both in Mysore and in British India during the past few years, and requesting the continuance of such management, and stating that he would not enter into negotiations with private parties in any matters connected with the Matt and that he would always look up to Government for any aid that he might require. He stated at the same time that, as he had the honor of succeeding to the Guruship of a great Samsthanam, it was his earnest desire that he should be given the means of keeping up the status and dignity of the Matt.

6. The several proposals of the Swamigalu regarding the additional expenditure required in the Matt for the future are dealt with below.

7. The first item relates to the cost of daily Santarpane or feeding in the Matt together with the cost of Nityakatle or daily puja articles and of feeding the elephant, camel and other animals kept in the Matt. The cost of these items, which is now Rs. 240 per mensem, is sought to be raised to Rs. 450. Considering the high prices of provisions and the increase in the number of persons fed, it does not appear possible to place the figure below Rs. 400 per mensem, which is accordingly sanctioned. The amount now allotted is quite ample for the ordinary wants of the Matt, if spent without allowing waste or misappropriation, and the Swami will accordingly be requested to exercise great watchfulness and care in incurring the needful expenditure, and not to exceed the fixed amount under any circumstances.

8. The next item relates to the establishment of servants to be maintained in the Matt. There is no doubt that, as regards numbers and as regards pay, some increase under this head is called for, taking into consideration the existing low rates of pay, the higher cost of provisions and the increased work devolving upon the servants under the new Swamigalu. After much discussion with the Swamigalu, the Muzrai Secretary has been able to fix the amount at Rs. 267 per mensem, including the cost of the Patasala, making an increase of Rs. 50 per mensem over the present scale, according to the list hereto appended. The increased charge is sanctioned. The Swamigalu will be requested to send a nominal list of the servants for record in this office.

9. The next point relates to the grant of allowances to the relations of the Swamigalu. The present allowances amount to Rs. 65 per mensem as follows: —

	Rs.
1. The widow of the late Swami	15
2. Subbachar, son of the late Swami	10
3. Patttabhiramachar, son of a former Swami	10
4. Ramachar do	10
5. Ranga Srinivasachar do	10
6. A former Swami's widow, Ranganayakamma	5
7. Another Swami's widow, Janakibayamma	5
Total ...	65

In this connection, the Swamigalu represents that he has a number of poor relatives of his own whom he considers it his duty to help to some extent, and asks for a sum of Rs. 80 per mensem for the purpose. With reference to this, the Government observe that it is not possible to go on increasing such allowances as each Swamigalu succeeds to the office of High Priest. They therefore direct that the existing allowance should be reduced to Rs. 5 per mensem in the case of each of the present recipients. The reduced amount comes up to Rs. 35 and the Government are pleased to sanction an equivalent sum of Rs. 35 to be distributed by the present Swamigalu amongst his relations at his pleasure. A list of the payments made by him should be forwarded to this office month after month.

10. The next item relates to the provision to be made for the maintenance of the family of the Swamigalu. As the Swami's wife has to keep up some state in her house and maintain her children, the Government are pleased to sanction, as a special case, a sum of Rs. 40 (forty) per mensem temporarily during the life-time of the present Swamigalu.

11. The Swamigalu asks that a sum of Rs. 50 may be given to him every month as pocket money to meet the expenses in connection with the giving of presents or *Sambhavanas* to Vidwans and pupils visiting him in large numbers. The Muzrai Secretary, after much discussion, has made the Swamigalu agree to a sum of Rs. 25 per mensem for the purpose. This amount is sanctioned.

12. The pay of the Police constables entertained in the Matt, *viz.* Rs. 17-12-10 per mensem, should continue as heretofore. The constables should be directed specially to look to the security of the Matt jewels which are of great value, and generally to the safety of the other properties of the Matt.

13. With the view of thoroughly enquiring into the affairs of the lands and villages endowed to the Matt in British India and chiefly in the Madras Presidency, some of which have, through past mismanagement, become alienated from the Matt, while others have been leased out for inadequate amounts and yield little or no income to the Matt owing to disputes between the lessees and the Matt, a special Agent has been appointed by the Government under the power-of-attorney granted to them by the Swamigalu, and that officer is now touring through the villages in question, investigating the circumstances of each of the said endowments. The final settlement of the disputed questions relating to the several endowments, is essential in the interests of the Matt, and therefore the continuance of the expenditure connected with the Government Agent and of the small establishment attached to him, together with the additional travelling and contingent charges, is sanctioned for a period of two years more from this date.

14. The sum of Rs. 919-4-6 per annum separately provided in the old Tasdik Patti of the institution for Mahasamaradhane, Dipavali, Yugadi and other Hetchukatles or extraordinary festivals in the Matt, will also be continued as heretofore. Other minor charges which are specified in the next succeeding paragraph are also hereby sanctioned.

15. The following is an abstract of the expenditure now sanctioned as compared with the existing scale:—

Grand Total per annum ...	9,872	14	6	13,372	14	6

16. The modified scale of expenditure and other charges sanctioned above will take effect from the 1st January 1907. They will be met from the annual income of the Matt, which is estimated under the several heads as follows:—

	Rs.	a.	p.
From lands in Mysore territory, about ...	9,000	0	0
Cash grant from the Mysore Government ...	3,053	10	11
Annual Tasdik for Hetchukatle	919	4	6
From lands in British territory	3,000	0	0
From interest on the amount in the Mysore Government 4 per cent loan	1,000	0	0
Total ...	16,972	15	5

17. Besides the annual and monthly expenditure referred to above, the following urgent charges, to be paid in lump sums, are sanctioned :—

	Rs.	
(1)	500	being the amount borrowed by the Swami just before his taking the Asrama, for the immediate requirements of his family.
(2)	227	for repairs to palanquin and preparation of jhools to elephant and camel.
(3)	300	for repairing and purchasing new vessels.
(4)	100	for purchasing religious books.
(5)	200	for purchasing shawl, etc., for the use of the Swami.
(6)	20	for purchasing a Tamburi.
(7)	70	for sundry miscellaneous purposes.
	1,417 Rs.	Total.

Of these, the sum of Rs. 500 has been already paid by the Muzrai Secretary and an acknowledgment obtained from the Swamigalu, and vessels were recently purchased for Rs. 295 odd and forwarded to the Matt. Arrangements should now be made for disposing of the other items of charge.

18. The Swamigalu having asked for a contribution of not less than Rs. 2,000 on account of the marriage of his daughter and the Upanayanam of his son, the Government were pleased to sanction Rs. 1,000 on account of the marriage and Rs. 500 on account of the Upanayana, and these sums were paid to the Swami in time for the celebration of those events, which came off at Sosale in March last.

19. It may be mentioned that out of the heavy debts amounting to Rs. 92,300 standing against the Matt, claims to the extent of Rs. 24,034-2-4 have, through the exertions of Government in negotiating with the parties concerned, been discharged for a cash payment of Rs. 12,060-14-1, and other similar claims are under investigation. The payments made for this and other urgent necessities of the Matt, including repairs to buildings, have had to be defrayed from the savings which have accumulated under the management of the Matt's affairs by Government. A balance of Rs. 31,000 still remains in favor of the Matt in Mysore Government 4 per cent Loan paper, which will go some way towards liquidating the Matt's remaining liabilities.

20. Under the circumstances above explained, it will be seen that the allowances sanctioned in the preceding paragraphs are very liberal, considering the involved condition of the Matt's affairs as described above, and that such liberal treatment has been accorded in deference to the wishes of the Swamigalu and with the view of maintaining the prestige and dignity of the Matt in the hands of its present distinguished Guru. It behoves the Swamigalu, therefore, to see the sums now placed at his disposal spent under his own personal direction, with great care and discrimination, devoting them purely to the regular performance of the services and to the due dispensation of the feeding and other charities in the Matt without allowing waste or misappropriation.

21. At the time of the inspection of the Matt by the Muzrai Secretary in December last, it was found that the accounts had not been kept in any systematic form, and that there were large differences and discrepancies therein, and the Swamigalu was thereupon informed that Government would not make payments on the basis of such unreliable accounts. The Swamigalu will now be requested to arrange for keeping regular and correct accounts of all receipts and expenditure in the Matt and to send abstracts thereof regularly every month to the Muzrai Secretariat. In view of the petitions that are being received in this office complaining against the present managers of the Matt, the Swamigalu will be informed that if regular and reliable accounts are not kept and if the internal management of the Matt is not conducted in a satisfactory manner, the Government will be under the necessity of deputing a person of their own choice for looking after the Matt's internal affairs.

22. It is understood that this Matt gets a cash allowance of Rs. 400 per annum from the Government of His Highness the Maharaja of Travancore. This amount should, immediately upon receipt every year, be placed by the Swamigalu at the disposal of the Government with the view of its being included in the Matt's annual income, out of which large amounts have been assigned by Government under these orders for expenditure in the Matt, and which has to be looked to for the eventual clearance of the Matt's heavy debts.

23. The Matt also derives a considerable income from the Mathadhikaris appointed by it in various towns and localities within its spiritual jurisdiction, and is expected to receive large sums as offerings from its disciples from time to time and particularly when the Swami is on tour. Regular accounts should be kept in the Matt of all such collections, and they should be made available for inspection by Government officers. The Swamigalu is no doubt aware that all the income derived by him is meant solely for the benefit of the *institution* and for its maintenance in a high state of efficiency. There is much scope for the expenditure of such funds on the great many branches of this Matt which are situated in Mysore and in British India and which are in a state of great dilapidation and mismanagement, and it is hoped that the Swamigalu will utilize all such income for effecting the needful improvements and see that all the branch Matts also are brought to a satisfactory condition. Any help that may be required from Government in this respect will be gladly accorded.

READ—

(1) Petition, dated 3rd September 1906, from Modi Abdulla Sahib, Bamboo Bazaar, Civil and Military Station Bangalore, praying for the cancellation of the license Registered No. 6 granted to him to collect corundum in the Tirumakudlu-Narsipur Taluk for a period of five years from the 4th September 1905 and the remission of the minimum guaranteed royalty due for the 1st year of the license.

(2) Subsequent correspondence on the subject ending with letter No. 2625, dated 23rd May 1907, from the Deputy Commissioner, Mysore District, submitting his report on the above petition.

No. 3403-5, DATED BANGALORE, 25TH JUNE 1907.

ORDER THEREON.—Under the terms of the license granted to Modi Abdulla Sahib, he should give six months' notice to Government of his intention to terminate the license. But in view of the representations made by the petitioner, about the scanty deposits of corundum in the taluk and the loss suffered by him financially in searching for the deposits, the Government are pleased to accept the surrender of the license as from the termination of the first year. The license is accordingly cancelled.

2. The Government are not prepared to refund the amount deposited by the licensee as minimum guaranteed royalty for the first year, and the amount of the deposit will be credited to Government.

W. F. SMEETH,
Secy. to Govt., Geol. Dept.

To—The Deputy Commissioner, Mysore District

The Comptroller, Mysore Government, with the information that the deposit of Rs. 150, referred to above, was remitted to the State Huzur Treasury on 18th August 1905 under XVIII (4) (2).

Modi Abdulla Sahib, Bamboo Bazaar, Civil and Military Station, Bangalore.

10	Fl 9013-4 / S R 186-05-4	7	Excise Comr. & Comptr.	Sanctioning the recommendation of the Excise Commissioner that N. G. Cheluviengar, Excise Inspector, may be promoted from the 3rd grade to the 1st grade, to fill up an existing vacancy in the latter.
11	Fl 9015 / S R 120-06-5	7	Vedantachar, licensee of toddy shops in the Krishnarajpete Taluk.	Informing him that the memorial of K. Narasimhachar, a defaulting licensee, praying for the cancellation of the re-sale of the toddy shops, has been rejected.
12	Fl 9016 / S R 120-06-6	7	K. Narasimhachar, a defaulting licensee of toddy shops in Krishnarajpete Taluk	Informing him that his memorial praying for the cancellation of the re-sale of the toddy shops in Krishnarajpete Taluk in favor of Vedantachar, is rejected.
13	Fl 9017 / S R 120-06-6	7	Excise Comr. ...	Forwarding copy of the above with the observation that although the re-sale does not appear to have been absolutely necessary and unavoidable for the realization of Government Revenue (though perhaps not for its punctual and regular realization) yet it does not appear to have been wrong and unjustifiable, and that the Excise Commissioner should address a separate reference citing with precision the amendment of the existing rules which he wishes to be adopted.
14	Pol 1081	8	First Asst. to the Hon'ble the Resdt.	Forwarding a statement showing the quantity of country spirits issued from the distillery to the Civil and Military Station, Bangalore, during the month of April 1907.
15	Fl 9033 / S R 138-06-2	8	Excise Comr.	With reference to his request for the entertainment of a watchman on Rs. 2 to look after the date plantation near Gudanahalli in the Malur Taluk, enquiring whether the plantation is a Government one and how long the watchman will be required for it.
16	Fl 9082 / S R 140-06-1	8	Compiler, *Mysore Gaz.*	Directing the publication of Order No. Fl. 9083-125—S. R. 140-06-2, dated 8th June 1907, *re* appointment of a Commissioner of Stamps and other arrangements in regard to the administration of Stamp Revenue in the State.
17	Fl 9127 / S R 137-06-2	10	Sendi Dasappa, residing in Raddihalli, Maddagiri Taluk	Informing him that his petition praying for the grant to him of the lease of the Raddihalli and Kamsapura toddy shops, has been forwarded for disposal to the Deputy Commissioner, Tumkur District.
18	Fl 9128 / S R 137-06-2	10	Dy. Comr., Tumkur...	Forwarding copy of the above with the petition.
19	Fl 9129 / S R 114-06-4	10	Muddaya, toddy contractor of Tovinakere & Dasaikunte toddy shops, Koratagere Sub-Taluk	Informing him that Government see no sufficient reason to grant his prayer for the remission of the amount due for 1906-07 or the leasing out of toddy shops to him for 1907-08 at Rs. 130 per mensem.

21	Fl 9134 S R 142-06-2	11	Supt. of Inam Setlts.	Calling for the Inam register of enquiry relating to the Yelandur Jahgir.
22	Fl 9139	11	Excise Comr. ...	Returning with thanks the two files of papers received with his letter No. 607, dated 23rd May 1907, relating to the recovery of arrears due for 1903-04 from one Musaliah, Excise contractor of Buradekatte village, Hosdurga Taluk, with the observation that the papers show considerable dilatoriness of procedure and the futility of receiving and considering any tender which is not accompanied with the usual deposit.
23	Fl 9136-7 S R 163-05-4	11	Ex. Comr. & Comptr.	Directing that the irrecoverable arrears of Rs. 222 due by Malliah, defaulting licensee of Sudekere group of toddy shops in the Hiriyur Taluk for 1901-02, be written off the accounts, with the remark that the irregularities of the subordinates of the Excise Department already noticed by Government have not been explained by the Excise Commissioner.
24	Fl 9148 S R 109-06-4	11	Virasami and other butlers, Dobbspete, High Ground Bangalore	Informing them that their request for the removal of arrack and toddy shops of High Ground cannot be complied with.

29	Fl 9233-5 S R 139-06-2	15	Comptr., Ex. Comr. & Jahgirdar of Sivasamudram	Sanctioning a bill for Rs. 278-9-0 on account of the amount of arrack revenue due to the Jahgirdar of Sivasamudram for 1905-06, with the observation that the amount payable to the Jahgirdar is fixed once for all at Rs. 278-9-0 and the sanction of Government for its disbursement every year is unnecessary and that the Comptroller may admit the claim on the countersignature of the Excise Commissioner.
30	Fl 9267 S R 46-06-17	17	Rev. Commissioner ..	Enquiring when the report of the committee appointed to consider the question of the speedy consumption of the large stock of special water-marked three-pie paper, may be expected in this office.
31	Fl 9298-9 S R 141-06-2	18	Comptr. & Ex. Comr.	Allowing the claim to toddy revenue of the Inamdar of Kudlur Sarvamanya village in the Channapatna Taluk, with the observation that the payment of the revenue should be regulated by rules 2, 5 and 13 of Government Order No. 2074-83—R. F. 166-92, dated 2nd August 1901, as revised by Government Order No. Fl. 1650-9—S. R. 166-92, dated 19th September 1904, and that the delay of about eleven months in the submission of this case to Government should have been avoided or explained.
32	Fl 9303 S R 104-06-8	18	Mr. D. G. Clay, Artillery road, Ulsur, Bangalore	Informing him that his claim for refund of Rs. 211, being the amount of stamp duty paid on a mining lease is inadmissible by reason of its not falling under any of the provisions of the Mysore Stamp Regulation, II of 1900.
33	Fl 9304 SR 104-06-8	18	Secy. to Govt., Geol. Dept.	Forwarding copies of the above for information.
